ACADEMIC SUPPORT SERVICES - TUTORING

The University of Toledo offers tutors through its Learning Enhancement Center who can assist students, whether you are looking to improve a course grade, freshen up on study skills, check and strengthen your understanding of a topic, review assignments or learn new test-taking strategies. You are encouraged to stop in and meet face-to-face with a highly trained tutor. Statistics show that the more you visit a tutor, the greater the possibility of increasing your GPA.

The Learning Enhancement Center (LEC) provides free tutoring services to all UT students. The LEC's mission is to provide UT students with accessible and professional academic support services that enhance success and retention. The LEC provides tutoring on a walk-in basis for undergraduate science, math, statistics, engineering, business and foreign language courses. UT’s highly trained tutors help students prepare for tests, understand new concepts and improve proficiency in various courses. Students also may access online tutoring, where they can chat live with a tutor or post a question. An eTutor and student share a live workspace, where they communicate through various tools, including chat, voice and video, whiteboard, file sharing and application sharing.

The LEC also offers Supplemental Instruction (SI) which is a series of peer-led, weekly study sessions for students enrolled in select courses. The SI method has been proven to increase understanding of coursework and improve grades. SI is free and available to students enrolled in the course offering the program. Academic workshops are available in a variety of topics including:

- Praxis test preparation,
- ACT preparation,
- Study skills,
- Time management, and
- Note-taking skills.

Individualized appointments are available for students interested in maximizing their learning potential. The LEC website provides a variety of resources for academic development.
