mission

The John B. and Lillian E. Neff College of Business and Innovation provides innovative and relevant learning experiences and engages in high-quality research and teaching to prepare students to become life-long, ethical business and academic leaders who are prepared for global challenges.

The objective of the Master of Science in Accountancy (MSA) degree program is to provide an opportunity for students to achieve greater breadth and depth in the study of Accountancy than is possible in the baccalaureate program. The MSA program gives student the advanced accounting topics, data analytics, and business electives to be a successful accountant and business leader. Skills such as critical and analytical thinking, leadership, teamwork, effective communication, and the ability to deal with big data and data analytics are important skills for short- and long-term career success in a dynamic environment.

Accreditations

The Accounting Department and the John B. and Lillian E. Neff College of Business and Innovation are accredited by the AACSB and the HLC.

DegreeS Offered

The Master of Science in Accountancy degree is granted to students who satisfactorily complete a minimum of 30 semester hours at the 6000-level in the College of Business and Innovation. Candidates without a background in accounting can be admitted to the program but will be required to take additional courses.

The MSA program is designed to fulfill the requirements for CPA licensure in the state of Ohio and many other states. Nationally, candidates who qualify to sit for the CPA exam with an MSA degree have the highest pass rates.

The MSA program gives students the advanced skills to be a successful accountant and business leader. Skills such as critical and analytical thinking, leadership, teamwork, effective communication, and the ability to deal with big data and data analytics are important skills for short and long-term career success in a dynamic environment.
