- Cannabis Management (<http://utoledo-public.courseleaf.com/graduate/business-innovation/graduate-degrees-certificates-offered/graduate-certificate-cannabis-management/>)

GPA and Grade Requirements

Students in all graduate degree and certificate programs at the University of Toledo must complete all requirements for their program of study with at least a 3.0 (4.0 scale) cumulative GPA at the graduate level. All courses that count towards a graduate degree or certificate must be passed with a grade of C or better. There are no grade re-calculations at the graduate level; as such, repeated courses will have both grades included in the cumulative GPA calculation.
