LAWI 9930 Water Law
[2-3 credit hours (0-3, 0, 0)]
This course focuses on the laws governing surface and ground water resources, with an emphasis on allocation and management issues. Because water is perhaps our most vital natural resource, and because it is often in scarce supply relative to demand, disputes over its use have been and will continue to be of crucial importance. Students explore common law, statutory, and constitutional issues at the state and federal levels, including the Clean Water and Safe Drinking Water Acts. Topics crucial to the Great Lakes region are particularly emphasized.
Term Offered: Spring, Summer
