</table>
The University of Toledo began in 1872 as a private arts and trades school offering painting and architectural drawing as its only subjects. In the 145 years since, the University has grown into a comprehensive institution offering more than 300 undergraduate and graduate programs to more than 21,000 students from around the world. The history of its development is a remarkable story.

In a pamphlet published in 1868 titled "Toledo: Future Great City of the World," Jesup Wakeman Scott articulated a dream that led him to endow what would become The University of Toledo. Scott, a newspaper editor, expressed his belief that the center of world commerce was moving westward, and by 1900 would be located in Toledo. To help realize this dream, in 1872 Scott donated 160 acres of land as an endowment for a university to train the city's young people.

The Toledo University of Arts and Trades was incorporated on October 12, 1872, to "furnish artists and artizans [sic] with the best facilities for a high culture in their professions." Scott died in 1874, a year after the university opened in an old church building downtown. The school was short-lived, however, closing in 1878 due to a lack of funds. On January 8, 1884, the assets of the university were given by Scott's sons to the city of Toledo and the school reopened as the Toledo Manual Training School. It offered a three-year program for students who were at least 13 years old in academic and manual instruction.

Dr. Jerome Raymond was appointed the first president in 1908. He expanded the school's offerings by affiliating with the Toledo Conservatory of Music, the YMCA College of Law and the Toledo Medical College, and he helped to create the College of Arts and Sciences. These changes moved the university toward becoming a baccalaureate-degree granting institution, but the school struggled through years of inadequate finances and legal battles over control.

In 1914, Dr. A. Monroe Stowe became president and led the University on its first organized path of development. He founded the College of Commerce and Industry (currently the College of Business and Innovation) in 1914, and the College of Education (today the Judith Herb College of Education) in 1916. Enrollment grew from 200 students to 1,400.

As evidence that the University was maturing, student participation in extracurricular activities increased. In 1919, Student Council was created, and two students started a newspaper called The Universi-Teaser. In 1915, the students petitioned for an intercollegiate athletic program. Football began in 1917, although the first game was a 145-0 loss to the University of Detroit. The sports teams received their nickname, the "Rockets," in 1923 from a newspaper writer who thought the name reflected the football team's playing style.

By the 1920s, Toledo University was a growing institution, limited only by the size of buildings that housed it. Classes were held in several small buildings downtown. In 1922, the university moved into an automobile mechanics training facility that had been constructed for World War I on the original Scott plot of land. While twice the size of the old buildings, this location was less than ideal. Its limitations became evident when an enrollment increase of 32 percent in one year produced a critical shortage of space.

The prospects for a new, permanent home for the university improved in 1928 when Dr. Henry J. Doermann became president. His first activity was to initiate plans for a new campus. To pay for the proposed buildings, that year the city placed a bond levy before Toledo's voters. A campaign by faculty and students led to the levy's passage by 10,000 votes and less than one year before the start of the Great Depression. Doermann wanted the new campus to reflect the best design elements of European universities because he felt such architecture would inspire students. It took 400 men less than one year to build University Hall and the Field House in the Collegiate Gothic style.

While enrollments remained stable at the university during most years of the Depression, its finances were strapped. Dr. Philip C. Nash, who became president following Doermann's sudden death, instituted drastic measures to cut costs. Funds from the federal government's New Deal programs helped by paying for new buildings and student scholarships.

While the Depression decade determined in many ways if the University would survive, it was World War II and its aftermath that transformed UT into the modern university it is today. The impact of the war was felt almost immediately. The military contracted with UT to offer war-training programs for military and civilian personnel. Student life also changed with the war. With a dwindling number of male students, women assumed leadership roles on campus, and intercollegiate basketball and football were suspended. And, tragically, more than 100 UT students were killed in the war. After the war, the GI Bill of Rights provided a way to reward...
veterans for their service by paying their college tuition, and more than 3,000 veterans took advantage of the program at UT.

In 1947, Wilbur W. White replaced Nash, who had died the previous year. White proposed a progressive 10-year development plan, but he died in 1950 before any new buildings were completed. His successor, Dr. Asa S. Knowles, oversaw the completion of several buildings, including a new library in 1953. Knowles resigned the presidency in 1958. His last official act was to meet with Toledo City Council to discuss the future financing of the university. As a municipal university, more than 12 percent of the city's budget was allocated to it, and Knowles felt this was unsustainable. Council members suggested the university consider acquiring financial assistance from the state.

It was left to President William S. Carlson to pursue the issue. In 1959, bills introduced in the legislature for a state subsidy for Ohio's three largest municipal universities stalled, and the university's financial situation worsened. Fortunately, a 2-mill levy in 1959 passed by 144 votes, raising $1.7 million a year for the university. But the universities of Akron, Cincinnati and Toledo all continued to press for state financial assistance and finally, on July 1, 1967, The University of Toledo became part of the state's system of higher education. In addition to tuition subsidies for students, state support provided capital improvement money for a campus building boom.

College students became more politically active in the 1960s, and student protests became frequent. Most at UT were peaceful, although protests in opposition to the war in Vietnam led to several arrests. In 1970, the campus remained calm following the deaths of four student protesters at Ohio's Kent State University. A protest led by African American students after the killing of students at Jackson State University in Mississippi temporarily closed University Hall in May 1970, but this ended when Carlson met with the students and reached a peaceful accord.

UT marked its centennial in 1972 with a year of celebration. That year Carlson retired, and Dr. Glen R. Driscoll was selected as his successor. Driscoll oversaw further expansion of the University's physical plant. Centennial Mall, a nine-acre landscaped area in the center of Main Campus, replaced parking lots and Army barracks in 1980. In 1985, Driscoll retired and was replaced by Dr. James D. McComas, who continued the expansion of the University's facilities. His tenure at UT was brief, however, as he resigned in 1988.

Dr. Frank E. Horton was selected to be The University of Toledo's 13th president in October 1988. To meet the challenges of the 1990s, Horton began a lengthy strategic planning effort to chart a course of targeted, purposeful growth. To help achieve the plan's many goals, in 1993 the University launched a successful $40-million fundraising campaign. The University continued to expand its physical environs with the renovation of commercial buildings into classrooms. The University also formalized its relationship with the Toledo Museum of Art with the completion of UT's Center for the Visual Arts on the museum's grounds. The University also built its Lake Erie Research Center at Maumee Bay State Park.

Significant growth in the 1990s was not only in buildings, but also in technology. The University joined OhioLINK, a statewide library network, in 1994. The internet became accessible in residence halls and offices. Technological improvements enabled students to register for classes and check their grades online. The University also began to experiment with offering classes via distance (online) learning.

In 1999, Dr. Vik Kapoor became the University's 14th president following Horton's retirement. Kapoor embarked on a restructuring program that included major resource reallocation and administrative reorganization. The Community and Technical College, established in 1968 on the University's Scott Park campus, was abolished. In June 2000, Kapoor resigned, and was replaced the following year by Dr. Daniel Johnson.

Johnson's agenda focused on reconnecting the University to the community through outreach and engagement activities, and the University's mission was rewritten to describe UT as a metropolitan research university. Planning began on a science and technology corridor to encourage research partnerships with businesses. Construction projects on Main Campus included renovations to several older buildings, including the Memorial Field House, which was transformed from a basketball arena into a classroom building, it reopened in 2008 after several years of standing empty.

In 2006, the University saw another fundamental change with the merger of UT and the Medical University of Ohio, which had been founded as a separate state-supported institution in 1964. As part of the merger, Dr. Lloyd Jacobs, who had been president of MUO, was named president of the merged university. UT became one of few universities nationwide to offer degrees in medicine, law, engineering, business, nursing, pharmacy and education.

In 2015, UT welcomed its first female president, Dr. Sharon L. Gaber. As the University’s 17th president, Gaber has worked to increase enrollment, retention, research and philanthropy, and has overseen the implementation of an agreement to partner UT's medical education with ProMedica, a regional health-care system. Through increased collaboration with faculty, staff, students and the community, Gaber also has led the University in efforts to create and implement a new strategic plan, a diversity and inclusion plan, and a new multiple-campus master plan.

Despite the challenges facing higher education in the 21st century, The University of Toledo today is a success story. Many of its faculty and academic programs have worldwide reputations, and its Main Campus and Health Science Campus are recognized as architectural gems. If the past is any indication, future challenges will be met and the institution will continue educating its students as accountable citizens and global leaders.

Accreditation and Standards

Accrediting Bodies

The University of Toledo is accredited by the Higher Learning Commission (hlcommission.org (https://www.hlcommission.org/)), a regional accreditation agency recognized by the U.S. Department of Education.

This list is current as of March 2020. For the most current list of accrediting bodies, visit http://www.utoledo.edu/aapr/accreditation/.
Listed below are other professional organizations in which the University holds membership, or which approve the quality of UT’s educational programs, or both:

- ABA Standing Committee on Paralegals
- Accreditation Council for Graduate Medical Education (ACGME)
- Accreditation Council for Occupational Therapy Education
- Accreditation Council for Pharmacy Education
- Accreditation Review Commission on Education for the Physician Assistant
- American Bar Association, Section of Legal Education and Admissions to the Bar
- American Chemical Society
- American College of Surgeons Comprehensive Education Institute
- American Council on the Teaching of Foreign Languages
- American Psychological Association Commission on Accreditation
- Applied Science Accreditation Commission (ASAC) of ABET
- Association for Middle Level Education/National Middle School Association
- Association to Advance Collegiate Schools of Business (AACS B) International
- Commission on Accreditation for Health Informatics and Information Management
- Commission on Accreditation for Respiratory Care
- Commission on Accreditation in Physical Therapy Education
- Commission on Accreditation of Athletic Training Education
- Commission on Accreditation of Medical Physics
- Commission on Collegiate Nursing Education
- Commission on Dental Accreditation
- Committee on Accreditation for the EMS Professions
- Computing Accreditation Commission (CAC) of ABET
- Council for Exceptional Children
- Council for the Accreditation of Counseling and Related Educational Programs
- Council for the Accreditation of Educator Preparation
- Council on Academic Accreditation in Audiology and Speech-Language Pathology, American Speech and Hearing Association
- Council on Education for Public Health
- Council on Social Work Education – Commission on Accreditation
- Educational Leadership Constituent Council
- Engineering Accreditation Commission (EAC) of ABET
- Engineering Technology Accreditation Commission (ETAC) of ABET
- International Reading Association
- Liaison Commission on Medical Education
- Michigan Certification Board for Addiction Professionals
- National Accrediting Agency for Clinical Laboratory Sciences
- National Association for the Education of Young Children
- National Association of School Psychologists
- National Association of Schools of Art and Design
- National Association of Schools of Music
- National Association of Schools of Theatre
- National Athletic Trainers' Association
- National Council for Social Studies
- National Council of Teachers of English
- National Council of Teachers of Mathematics
- National Recreation and Park Association – Council on Accreditation of Parks, Recreation, Tourism and Related Professions
- National Science Teachers Association
- University and College Intensive English Programs

**Assessment**

In keeping with our mission to provide world-class educational opportunities for students, The University of Toledo is committed to maintaining high academic standards and quality services for our students. Faculty and staff members engage in the assessment of student learning, an intentionally-designed process of analysis and reflection, to gain a deeper understanding of how and to what extent our students are developing their knowledge, skills, beliefs, and attitudes as a result of their engagement in our academic and co-curricular programs.

Assessment of student learning occurs at the institutional, college, department, program, and course levels. It is frequently based on multiple measures that vary according to each discipline.

The institution uses the insights gleaned from the assessment process to improve our academic programs and co-curricular offerings, in turn, leading to greater student success.

**Admission Requirements for Undergraduate Students**

*Note: These admission requirements are for the Summer 2020, Fall 2020, and Spring 2021 terms.*

**First-time Freshmen:**

Includes the subcategory of 'direct-from-high-school' students, which are those who will be attending UToldeo the summer or fall immediately following their high school graduation. Students who have been enrolled in post-secondary or dual enrollment while in high school are considered direct-from-high school students. Students who took college courses during the summer immediately following high school graduation and are enrolled at UToldeo the following fall are also considered direct-from-high school students.

Other subcategories of first-time freshman students include adult students (those who have never attended college other than during high school) and GED holders who have never attended college.

**Direct-From-High School Application Requirements**

- Application for admission
- $40 application fee or fee waiver
- Official high school transcript

**Optional: Test scores**

- Test scores, should a student choose to submit at time of application. Test scores are not required for admission, and information about
UToledo's test-optional admission policy can be found here (https://www.utoledo.edu/admission/freshman/test-optional.html).

· Applicants that apply without test scores will receive a holistic review of their application materials and will be admitted if the committee believes they exhibit an academic and social ability to succeed at UToledo.

Based upon a student’s major and the ACT or SAT score, students may be required to take placement tests, which will assist in placing students into courses.

UToledo’s code for test score submissions: ACT: 3344 SAT: 1845

If a student does not meet one or more of these requirements, they may submit an appeal form that delineates their college readiness. The appeal will be reviewed by an admission committee. Appeal forms should be submitted online as soon as possible.

College/PROGRAM Admission Standards

UToledo colleges and programs have specific admission criteria that must be met. Programs may have additional criteria not listed here (https://www.utoledo.edu/admission/freshman/admission-standards.html); please check the program’s Web site for the most complete information. Admitted students who do not meet the specific college/program requirements will be offered admission to other programs, such as Exploratory Studies, which will assist students in gaining admission.

Adult Students:

First time freshmen who have been out of high school one semester and never taken college courses at another university since high school graduation, students who are military or veteran, or students with a GED. Students who enroll the fall semester after their high school graduation and took college courses during high school or the summer immediately following graduation are considered traditional first-time freshman.

Adult Student Application Requirements

· Admission application

· Submit a high school cumulative GPA of 2.0 or higher; in this case, no ACT/SAT scores will be needed.

May be required:

· Students who are 25 years of age or older, or a current member of the U.S. military or veterans are admitted regardless of GPA; no ACT/SAT scores will be needed.

· Students who do not fall into either of these categories and have a high school cumulative GPA under 2.0 must submit a minimum 15 ACT or 830-870 SAT, if taken March 2016 or after. If a student does not meet this requirement, they may submit an appeal form that delineates their college readiness. The appeal will be reviewed by a committee. Appeal forms should be submitted as soon as possible, with a final deadline of August 1.

· Based upon a student’s major and the ACT or SAT score, students may be required to take placement tests, which will assist in placing student in courses.

High School Transcripts: All students (excluding GED holders) must send an official high school transcript, complete with a stamped graduation date, to the Office of Undergraduate Admission.

National Student Clearinghouse: The University of Toledo will complete a check of the NSC on all adult applications. We will verify if any institutions were previously attended and, if needed, edit your application to show any institutions not listed. Official transcripts from these institutions would be required for admission.

GED Holder Requirements: The above ACT/SAT requirements do not apply to GED holders. However, many of our academic colleges require ACT/SAT scores for direct admission into a program. Students utilizing the GED must submit an official copy of their GED (General Education Development) diploma and scores. You can obtain a copy of your GED from the Department of Education in the state where you took the GED test.

Transfer Students:

Students with college credits taken fall semester of the year they graduated from high school or later. Students who took college courses during high school or the summer immediately following graduation are considered traditional first-time freshmen, please see direct-from-high school admission requirement.

Transfer student application requirements:

· Admission application

· Official transcript from all previously attended institutions

Transfer students with a minimum higher education GPA of 2.0, for all work taken, who do not meet college/program admission requirements below will be admitted to University College: Department of Exploratory Studies.

New Transfer. A student who has previously attended another institution and is looking to transfer to UT for the first time.

Transfer Re-Admits: students who attended UT, then attended another institution, and are coming back to UT. If your higher education GPA is under a 2.0, your file will be reviewed before you are re-admitted to UT.

Probation Admits: transfer student with a cumulative higher education GPA under 2.0 may be admitted to University College: Department of Exploratory Studies.

Guest Students: students who are attending another institution and take classes at UT to transfer back to their home institution. Students are only allowed to attend for one semester at a time. UT needs proof of good academic standing from the home institution and student must be able to provide proof of any prerequisites taken for courses they intend to take at UToledo.

National Student Clearinghouse: The University of Toledo will complete a check of the NSC on all transfer applications. We will verify previous institutions attended, and if needed, edit your application to show any institutions not listed.

Suspension/Dismissal Policy: If a student has been suspended or dismissed from another institution, they will be required to provide additional documentation to UT. We will honor an academic suspension.
from another school up to one year. A student will not be able to attend classes at UT until that year of academic suspension has completed. Students suspended or dismissed for disciplinary reasons will be reviewed on a case by case basis.

**TRANSFER ADMISSION STANDARDS:**
Transfer students who have a specific college preference but are undecided on a major within that college may apply as undeclared to that college. However the College of Engineering does not accept undecided transfer students, and they will be admitted into University College: Department of Exploratory Studies. Students who are undecided on their college and major will be admitted into the Department of Exploratory Studies.

**General Undergraduate Degree Requirements**

**Earned Hours Required for a Degree**
The University of Toledo requires a student to earn a minimum of 60 semester hours to be awarded an associate's degree. A minimum of 120 semester hours must be earned to be awarded a bachelor’s degree. Some colleges/programs require that more than the minimum of 60-120 hours be earned to be awarded the degree, the additional coursework is required to meet professional accreditation or licensing requirements. In addition, a student must have a cumulative University of Toledo GPA of at least 2.0 in order to qualify for graduation. For specific information, consult the individual college sections of this catalog. Earned hours are those hours that each college of the University counts toward fulfilling specific degree program requirements. Hours counted toward degree requirements may vary depending on the college/degree program a student enrolls in and is pursuing.

**Residency Requirement for a Degree**
Every college of The University of Toledo requires a student to earn a specific number of hours as a University of Toledo student. Some colleges require a specific number of hours be taken as a student registered in that college. In addition, residency hours may be required to be earned in specific classes, specific programs and/or in specific semesters prior to the proposed semester when the student plans to graduate.

**Graduation Application Process**
A student nearing the completion of a degree program must complete the Application for Graduation online through the myUT portal (https://myut.utoledo.edu/portal) (listed under the Student tab, My Records).

For undergraduate students, the deadline for applying to graduate is the 11th week of the fall semester for spring graduation, and the 11th week of the spring semester for summer or fall graduation. The deadlines for law and graduate students may differ. Deadline dates can be found here: www.utoledo.edu/offices/registrar/graduation_app_deadlines.html.

Students who do not graduate the semester for which they applied to graduate but anticipate degree completion the following semester must reapply by completing another application no later than the 15th day of the next semester in which they expect to graduate.

Failure to apply for graduation means that the student’s graduation date will be postponed.

**Dual Degrees**
The University recognizes a student may want to earn two degrees simultaneously as part of their undergraduate academic experience. Students may earn more than one bachelor’s degree or associate’s degree or a bachelor’s and associate’s degree concurrently. Students interested in earning two or more degrees simultaneously should consult the colleges from which they wish to earn the degrees for specific rules and requirements.

**Areas of Study**
The following list represents the programs of study offered by The University of Toledo. Each area is described in this catalog. Links below provide a general overview of each program.

**Undergraduate**
- Accounting
- Adolescent Technology (2-year)
- Adolescent and Young Adult Education - Grades 7-12
- Africana Studies
- Anthropology
- Applied Organizational Technology (Degree completion program)
- Art
- Art History
- Asian Studies
- Astronomy
- Biochemistry
- Bioengineering (5-year)
- Biology
• Business Management Technology (2-year) (https://www.utoledo.edu/Programs/undergrad/Business-Management-Technology-(2-year)/)

Graduate Programs

For information on the University’s graduate programs, please refer to the College of Graduate Studies (http://www.utoledo.edu/graduate/).

- Graduate Programs (http://www.utoledo.edu/graduate/prospectivestudents/programs/)
- College of Medicine and Life Sciences Programs (http://www.utoledo.edu/med/grad/)
- College of Law Programs (http://www.utoledo.edu/law/)

Placement Testing

After being admitted to the University, students take placement tests to identify the first course in mathematics, chemistry and/or foreign languages required by the choice of major. All newly admitted students are encouraged to review the placement testing information (http://www.utoledo.edu/orientation/placement-testing.html).

Placement testing should be completed BEFORE attending new student or transfer student orientation. Questions regarding placement tests
should be directed to the academic advisors for the admitted program of study. The placement information made available by the Office of New Student Orientation or by each of the undergraduate colleges is available as follows:

- Placement Testing information by the Office of New Student Orientation (https://www.utoledo.edu/orientation/new/placement-testing.html)
- Placement Testing information for the College of Arts and Letters (https://www.utoledo.edu/offices/studentservices/AlPlacement.html)
- Placement Testing information for the College of Business and Innovation (https://www.utoledo.edu/business/StuServ/StuServDocs/PlacementTests.pdf)
- Placement Testing information for the College of Engineering (https://www.utoledo.edu/engineering/undergraduate/placement_testing.html)
- Placement Testing information for the College of Health and Human Services (https://www.utoledo.edu/hhs/student-services/placement.html)
- Placement Testing information for the College of Natural Sciences and Mathematics (https://www.utoledo.edu/offices/studentservices/nsmplacement.html)
- Placement Testing information for the College of Nursing (https://www.utoledo.edu/nursing/placement%20testsuntitled.html)
- Placement Testing information for the College of Pharmacy and Pharmaceutical Sciences (https://www.utoledo.edu/nursing/placement%20testsuntitled.html)
- Placement Testing information for the Judith Herb College of Education
- Placement Testing information for the University College

Students who need assistance with placement tests are encouraged to contact Student Disability Services (http://www.utoledo.edu/offices/student-disability-services/), located in Rocket Hall, Room 1820, for accommodations and/or support services.

Mathematics Placement Tests:
Mathematics placement tests (http://www.math.utoledo.edu/placement) are required for all new students unless college credit in mathematics is being transferred to the University. The University of Toledo uses ALEKS Mathematics placement test to provide an accurate measure of students’ current mathematical skills and to allow accurate placement in a mathematics course.

The ALEKS Mathematics placement test is available online (http://www.utoledo.edu/it/aleks/) and at the UT Testing Services (https://www.utoledo.edu/uc/testing/services/placement.html), located in Memorial Field House, Room 1080. ALEKS can be accessed on any computer with internet access that meets the system requirements. ALEKS logon (http://www.utoledo.edu/it/aleks/) help is available. Additional information on mathematics placement tests is available through the Mathematics Department (http://www.math.utoledo.edu/placement).

Chemistry Placement Test:
Students interested in enrolling in CHEM 1230, General Chemistry I, are required to take the ALEKS Chemistry placement test unless the student has an AP Chemistry score of 3 or higher, has transfer credit equivalent to CHEM 1090 (Elementary Chemistry) or CHEM 1230 at UT, or, if the student has not completed any high school chemistry course. Students who have not completed at least a year of high school chemistry are required to enroll in CHEM 1090, Elementary Chemistry, before taking CHEM 1230.

Online access is available at ALEKS Chemistry Placement Information and through the UT Testing Services (https://www.utoledo.edu/uc/testing/services/placement.html), located in Memorial Field House, Room 1080. ALEKS logon (http://www.utoledo.edu/it/aleks/) is also available. Additional information on chemistry placement tests is available through the Chemistry Department (https://www.utoledo.edu/nsm/chemistry/undergrad/placementtest.html).

Chemistry for Health Sciences Placement Test:
Student interested in enrolling in CHEM 1120, Chemistry for Health Sciences, are required to take the chemistry placement test (Nursing and Respiratory Care ONLY) unless one of the following criteria is met:

1. Has earned transfer credit equivalent for CHEM 1110 or CHEM 1120 at UT; or
2. Has not completed any high school chemistry course. A student who has not completed at least one year of high school chemistry, must enroll in CHEM 1110.

The Chemistry for Health Sciences Placement Test is a computer-based exam available only at the UT Testing Services located in Memorial Field House, Room 1080.

Foreign Language Placement Test:
Students whose choice of academic major requires a foreign language or who have taken one or more years of foreign language during high school, must take the foreign language placement test (http://www.utoledo.edu/al/world-languages-and-cultures/catalog/catPlacement.html) to assess the skill level. Each of the foreign language placement tests cover grammatical structures, vocabulary and reading comprehension.

Placement tests in French, German, Japanese, Latin and Spanish are available through UT Testing Services (https://www.utoledo.edu/uc/testing/services/placement.html), in Memorial Field House, Room 1080. Placement tests for other languages, such as Arabic and Chinese, must be scheduled through the World Languages and Cultures Department (https://www.utoledo.edu/al/world-languages-and-cultures/), located in Memorial Field House, Room 2400.
Program 60: Special Program for Senior Citizens

Program 60 provides educational experiences to individuals 60 years of age or older who have resided in Ohio for at least the last 12 consecutive months.

Ohioans interested in Program 60 must apply and be admitted prior to registration for courses. Admission must be finalized prior to the first day of the term. There is no application fee. Once admitted, participants only need to reapply if they stopped taking classes for two consecutive terms.

Program 60 participants audit courses with no academic credit being awarded. Enrollment is limited to space availability. Registration for Program 60 is held on the Friday before the term begins. Program 60 participants must meet course prerequisites to enroll in a course. Program 60 participants audit courses and do not receive college credit for courses taken through the program.

Program 60 participants are not charged tuition but are responsible for any additional fees such as the cost of textbooks, general fees, lab fees, technology fees, faculty fees, special service fees, online course fees, library, parking and other fees.

Program 60 students are not eligible to enroll in an independent study course, studio art courses, private music lessons or other similar courses where a course or section number is required to be created.

Individuals 60 years of age or older who wish to earn a college degree or credit for UT courses must apply for admission and pay current tuition and fees as a general UT student. Questions on Program 60 can be addressed through email at universitycollege@utoledo.edu (universitycollege@utoledo.edu?subject=Program%2060) or by calling to call 419.530.3142.

Ohio Statewide Transfer Policy

This catalog statement reflects the Ohio Articulation and Transfer Policy (https://www.ohiohighered.org/transfer/policy/) also found on the Ohio Department of Higher Education Web at www.ohiohighered.org/transfer/policy (https://www.ohiohighered.org/transfer/policy/).

Transferology

Transferology is a statewide Web-based higher education transfer information system. Transferology shows how courses taken at one institution transfer and apply to degree programs at another institution, providing information about degree requirements at colleges and universities across the state. To access, log on to www.transferology.com (https://www.transferology.com/).

Transferology (https://www.transferology.com) is the first stop for students who are looking to transfer to UT. Students can enter their previous and current coursework into a free user account, then see which courses at UT they have earned credit. Remember, if a course is not in Transferology, it does not mean it does not transfer. It simply means UT needs to review it for a transfer equivalency. This extra step ensures that the student gets the best evaluation for the transfer work.

Acceptance of Transfer Credit

Students will receive transfer credit for all college-level courses taken with a grade of ‘D-‘ or better. Grades of ‘F’ are transferred; however, no credit hours are awarded.

Admission to a given institution, however, does not guarantee that a transfer student automatically will be admitted to all majors, minors or fields of concentration at the institution. Once admitted, transfer students will be subject to the same regulations governing applicability of catalog requirements as all other students. Further, transfer students will be accorded the same class standing and other privileges as all other students on the basis of the number of credits earned. All residency requirements must be completed successfully at the receiving institution prior to the granting of a degree.

Responsibilities of Students

To facilitate transfer with maximum applicability of transfer credit, prospective transfer students should plan a course of study that will meet the requirements of a degree program at the receiving institution. Specifically, students should identify early in their collegiate studies an institution and major to which they desire to transfer. Further, students should determine if there are language requirements or any special course requirements that can be met during the freshman or sophomore year. This will enable students to plan and pursue a course of study that will articulate with the receiving institution’s major. Students are
encouraged to seek further information regarding transfer from both their adviser and the college or university to which they plan to transfer.

The Ohio Department of Higher Education Guaranteed Transfer Pathways initiative is moving forward and new transfer pathways are being approved each semester. Students thinking about transferring should reach out to their academic advisor to see if an approved Guaranteed Transfer Pathway works for them.

The University of Toledo’s Transfer Credit Appeal Process

If a transfer student believes there is an error in his or her Transfer Credit Evaluation (TCE), or has questions regarding the evaluation or application of transfer credit toward degree requirements, he or she should first contact the Transfer Center in the Registrar’s Office. The completed Transfer Credit Appeal Form and course syllabi can be emailed to Transfer@utoledo.edu or dropped off at the Office of the Registrar in Rocket Hall, Room 1100.

A student disagreeing with the application of transfer credit has the right to appeal the decision by following the procedure below.

Appeals must be received by the last day of the semester following the original transfer credit evaluation.

The appeal process is as follows:

1. The student contacts the departmental chair and provides a written appeal. The departmental chair has 7 days from receipt of the appeal to respond in writing to the student.
2. If the issue is not resolved to the student’s satisfaction at Step 1, the student contacts the dean of his or her UT college and provides a copy of the appeal and the department decision. A final college decision rests with the office of the dean. The dean has 7 days from receipt of the appeal to respond in writing to the student.
3. If the issue is not resolved to the student’s satisfaction after Steps 1 and 2, the student submits a copy of the appeal, as well as the college decision, to the provost. The provost’s office will provide an institution-wide perspective. The provost has 7 days from receipt of the appeal to respond in writing to the student. If the request is denied, the written correspondence to the student will outline the process for appealing to the state-level articulation and transfer appeals review committee of the Ohio Department of Higher Education.

Ohio Guaranteed Transfer Pathways (https://www.ohiohighered.org/OGTP/)

The Ohio Guaranteed Transfer Pathways enable students to streamline credit transfer among the state’s public institutions of higher education to find the best pathways to degree completion and launch successful careers. The Ohio Guaranteed Transfer Pathways (OGTPs) are designed to provide a clearer path to degree completion for students pursuing associate degrees who plan to transfer to an Ohio public university to complete their bachelor’s degree. The OGTPs also constitute an agreement between public community colleges and universities confirming that community college courses meet major preparation requirements and will be counted and applied toward the bachelor’s degree. Students still must meet all university program admission requirements. Learn more on how the Ohio Guaranteed Transfer Pathways work, how to get started and how OGTP can help College Credit Plus student by clicking here (https://catalog.utoledo.edu/general-section/ohio-statewide-transfer-policy/).

Ohio Transfer Module Courses

The following list represents The University of Toledo Ohio Transfer Module courses. The transfer module, as directed by the Ohio Department of Higher Education, includes courses in the following areas: English, mathematics, arts and humanities, social and behavioral sciences, natural and physical sciences, and interdisciplinary studies.

Note: Completion of The University of Toledo transfer module requires coursework above that fulfills the General Education core curriculum. Students should consult their academic advisor for further information.

Ohio Transfer Module Courses

Course Reporting System (https://reports-cems.transfercredit.ohio.gov/ap/6/?1306913303922::NO:6::)

The Ohio Transfer Module (OTM) Approved Courses Reporting System will help you identify Transfer Module approved courses that are guaranteed to transfer and apply toward related general education subject areas at Ohio’s public colleges and universities.

You can search by the OTM Subject Area that transfers as a general credit and/or by individual English and math courses under the Learning Outcome (LO)-Based OTM Subject Area that transfers as a direct equivalent. Review the Ohio Transfer Module (OTM) main page (https://
Determining Ohio Residency

Status as a resident of Ohio shall be defined by the Chancellor of the Ohio Department of Higher Education by rule promulgated pursuant to Chapter 119 of the Revised Code. No adjudication as to the status of any person under such rule, however, shall be required to be made pursuant to Chapter 119 of the Revised Code. (http://codes.ohio.gov/orc/3333.31)

Ohio in-state residency (http://www.utoledo.edu/offices/registrar/residency/) is first decided during the admission application process. Students who are determined to be non-residents of the state of Ohio are required to pay the out-of-state tuition surcharge. To be reclassified as an Ohio resident, they must prove residency based on the Residency Rule as defined by the Ohio Revised Code (3333.31) (http://codes.ohio.gov/orc/3333.31). Information on the process for requesting in-state residency status can be found on the Registrar’s Website (https://www.utoledo.edu/offices/registrar/residency/).

Complete and submit the Monroe County Michigan Reciprocity Application found here (http://www.utoledo.edu/offices/registrar/residency/MichiganReciprocity.html).

Fees and Financial Aid

A complete schedule of student fees is provided in The University of Toledo Finance Brochure (http://www.utoledo.edu/offices/treasurer/finance_brochures.html), which is published annually by the Office of the Treasurer and may be found online at http://www.utoledo.edu/offices/treasurer/finance_brochures.html (http://www.utoledo.edu/offices/treasurer/finance_brochures.html).

The University of Toledo has a wide variety of financial aid programs available to qualifying students. Information regarding federal, state and institutional aid through the Office of Student Financial Aid (http://www.utoledo.edu/offices/registrar/student_records/advan_credits.html) may be obtained through the University’s website: http://www.utoledo.edu/financialaid/.

The OSFA also annually publishes information that provides complete information on the types of financial aid available, the application process, satisfactory academic progress and other pertinent issues. You also may contact Rocket Solution Central (RSC) for additional information regarding scholarships and other forms of financial aid available to students at The University of Toledo. All students must be U.S. citizens or eligible non-citizens of the U.S. as defined by the U.S. Department of Education, and they must be enrolled in an approved program leading to a degree or certificate in order to qualify for federal and state aid programs.

Earning Alternative College Credit

Advanced Placement (AP) (https://www.utoledo.edu/offices/registrar/student_records/advan_credits.html)

High school students who enroll in college-level courses and who demonstrate superior achievement in the appropriate Advanced Placement examinations offered by the College Entrance Examination Board may submit results of their examinations to the Office of Undergraduate Admissions as part of their application for admission. These examinations are offered in May and the candidate may, if desired, choose to take them by consulting with the high school college counselor or principal.

The University of Toledo adheres the Advanced Placement Policy (https://www.ohiohighered.org/transfer/ap/) established by the Ohio Department of Higher Education. This policy directs Ohio public colleges and universities to grant credit to enrolled students who received a score of 3 or higher on College Board Advanced Placement (AP) examinations. This credit is matched to an appropriate general education course offered at the institution when possible and fulfill any degree requirements that course would fulfill. In instances where an institution does not have an appropriate course and/or sequence match to an AP examination, a recommended range of Ohio Transfer Module (OTM) area credit or general elective credit hours has been provided. This credit should be applied where such credit/course options exist within the Associate or Baccalaureate degree requirements. Additional information on Advanced Placement including a list of subject exams, scores and course equivalencies is available on the Registrar’s website. (https://www.utoledo.edu/offices/registrar/student_records/advan_credits.html)

College Level Examination Program (CLEP) (https://www.utoledo.edu/offices/registrar/student_records/clep_exams.html)

The University of Toledo adheres to the guidelines on CLEP testing (https://www.ohiohighered.org/transfer/clep/) as part of the transfer and articulation policies established by the Ohio Department of Higher Education. A student may earn college credit by taking the College Level Examination Program (CLEP) tests if college credit has not been earned in the area in which credit is sought and the student is not currently enrolled in a course in that area. Students should consult the college in which they are enrolled to determine the specific credit limitations. It is recommended that CLEP exams be taken prior to enrolling in classes at
The University of Toledo, but students may, with an advisor's permission, take CLEP exams within their program of study. CLEP testing is available through the UToledo Testing Services (https://www.utoledo.edu/uc/testing/services/).

**Duplicate Credit in CLEP and AP**

Within existing college and university limitations, when a student presents CLEP and Advanced Placement scores in the same area, credit will be given for the CLEP or AP, whichever is the higher number of credit hours. In no case will CLEP and AP credits be added or combined. The individual department may decide which course credit is to be given if alternate course credit is possible.

The University of Toledo will award credit for a minimum score of 4 on the higher level examination of the International Baccalaureate (IB).

An incoming freshmen student who wants his/her IB examination test scores equated for course credit at the University is responsible for having his/her official IB scores submitted directly to the University. IB examination test scores should be submitted to the Office of Undergraduate Admissions at the University.

Upon receipt, the student's IB test scores will be evaluated in accord with the University's transfer policies and transfer credit evaluation procedures for the catalog year in which the student matriculates. The student's test scores and choice of major determines the application of the credits awarded from the IB examinations.

The UT course equivalency for each course within each subject group will be established by faculty within the department most closely aligned with the subject content and learning outcomes of the IB diploma course(s).

A student who earns credit in a course that is equivalent to an IB examination will not be given credit for the IB examination credit. A student may not apply for IB credit after they matriculate. IB credit will not be assigned to the record retroactively.

The provost and vice president for Academic Affairs (or designee) will review the awarding of credit through the International Baccalaureate Diploma program annually each May in accordance with the state’s policies on transfer and articulation.

**Prior Learning Assessment (http://www.utoledo.edu/uc/pla/)**

Prior Learning Assessment (PLA) credit is based on the concept that college-level learning can be achieved outside of the classroom. PLA credit is coordinated through the University’s prior learning assessment program which adheres to and maintains best practices in assessing prior learning as recommended by the Higher Learning Commission, the Council for Adult and Experiential Learning, and the Ohio Department of Higher Education.

The University's academic policy on Credit for Prior Learning, 3364-71-17, is available on the UT Policy website. This policy aligns with the guidelines (https://www.ohiohighered.org/PLA/resources/) established by the Ohio Department of Higher Education's guidelines on Prior Learning Assessment.

A prior learning specialist working with a student’s academic advisor assists in determining the area(s) in which prior learning assessment is likely to be applicable. Guidance along with referrals to college departments are coordinated through University College, 419.530.3142 or universitycollege@utoledo.edu

**University Undergraduate Core Curriculum**

The University of Toledo (UT) Core Curriculum consists of 36-42 credit hours of coursework that provides the educational foundation for all undergraduate degree programs. The UT Core exposes students to a range of disciplines that gives breadth to the learning experience, prepares students for advanced coursework in their degree programs, and develops students as lifelong learners who will thrive in and contribute significantly to a constantly changing global community.

The UT Core Curriculum gives students critical reasoning skills to explore complex questions, grasp the essence of social, scientific and ethical problems, and arrive at nuanced perspectives. It hones the ability of students to communicate artistically, orally and in writing. It allows students to recognize their place in history and culture, and to appreciate their connection to others in a multicultural world. It prepares students to be thoughtful, engaged citizens in a participatory democracy. It requires students to explore the whole range of the liberal arts, both for the intrinsic value of doing so and in preparation for study in their degree programs. It provides students with insight into the social and behavioral sciences; familiarity with the history, aesthetics, and criticism of all aspects of human culture, including the fine arts; and experience in the scientific, philosophical and mathematical processes required to examine theoretical and natural phenomena.

**Core Curriculum Learning Outcomes**

Assessment of the core curriculum is organized into five student learning outcomes. Below are the outcome definitions.

- **Communication**: UT students must demonstrate abilities to communicate meaningfully, persuasively and creatively with different audiences through written, oral, numeric, graphic and visual modes.
- **Personal, Social, and Global Responsibility**: UT students must demonstrate understanding of and critical engagement in ethical, cultural and political discourse and capacity to work productively as a community member committed to the value of diversity, difference and the imperatives of justice.
- **Critical Thinking and Integrative Learning**: UT students must be able to integrate reasoning, questioning and analysis across traditional boundaries of viewpoint, practice and discipline.
- **Scientific and Quantitative Reasoning and Literacy**: UT students must demonstrate the capacity to apply mathematical reasoning and scientific inquiry to diverse problems.
• Information Literacy: UT students must demonstrate the ability to find, organize, critically assess and effectively use information to engage in advanced work in a challenging field of study. Students should demonstrate responsible, legal, creative and ethical use of information.

The core curricular components through which these learning outcomes are met are as follows:

1. Skill areas (9 semester hours)
   a. English composition courses (minimum 6 hours) emphasize expository prose writing. Creative writing and speech courses will not fulfill this requirement but may be found in II Distributive, A. Arts and Humanities.
   b. Mathematics courses (minimum 3 hours) provide an analytical foundation for quantitative problem-solving that build on and extend beyond three years of college preparatory math.

2. Distributive areas (18 or more semester hours - to include at least two courses totaling 6 hours in each of the following three areas. Students must choose two courses from different disciplines.)
   a. Arts and Humanities courses (minimum 6 hours). Arts courses should introduce students to the basic principles, history, concepts and criticism of the fine arts or performing arts. Humanities courses should provide historical, literary and philosophical perspectives of our world. Both Arts and Humanities courses may also introduce skills and techniques to communicate perspectives artistically, orally and/or in writing.
   b. Social Science courses (minimum 6 hours) integrate factual, institutional, methodological and basic theoretical issues involved in the study of society or human behavior. Social science courses should emphasize methods of thinking and approaches to solving social and economic problems rather than merely reviewing factual material specific to that field.
   c. Natural Science courses (minimum 6 hours) expose students to the process of scientific inquiry and encourage development of a scientific perspective. Natural science courses should not merely provide facts, but also an understanding of the basic issues, methodologies and theories in the major disciplinary areas. At least 1 hour of coursework in this category must include a hands-on laboratory component.

3. Electives
   • Students must take 9 additional hours of courses from I. Skills, B. Math or II. Distributive described above. Students should work with their advisor to select the appropriate courses to take, as many degree programs have specific core course requirements.

4. Multicultural Courses
   • Students must take one course from each of the following categories:
     a. Diversity of U.S. Culture courses (minimum 3 hours) examine the economic, political, philosophical, social or artistic life of distinct cultural communities within the United States. Communities may include, but are not limited to, communities based on race, ethnicity, class, gender, sexual orientation, beliefs, and disability.
     b. Non-U.S. Culture courses (minimum 3 hours) examine the economic, political, philosophical, social or artistic life of communities outside the United States.

Students may satisfy both of the multicultural requirements with courses that simultaneously fulfill a second area of the core curriculum. One multicultural course may be a course that also meets one of the requirements in II. Distributive Area, and the other may be a course that also meets one of the requirements in III. Electives, as stated above.

The result is a Core Curriculum with 36 to 42 credit hours of coursework. Students should work with their advisor to select the appropriate courses to take in the core. It is important to note that many programs require their students to take specific core courses which are foundational to that course of study.

Students must earn a 2.0 GPA or higher across courses used to satisfy their core curriculum requirements.

Total Hours 36-42

1 One Multicultural course may also count here.
2 A 1 credit lab or a course with a lab component is required.
3 If one or both multicultural courses count in a second area, the total number of required courses reduces accordingly, but never below 36 credits.

OHIO TRANSFER MODULE (OTM)

All course categories in the UT Core contain courses that are part of The University of Toledo's Ohio Transfer Module (OTM). Students who are considering transferring to another Ohio institution of higher education should select courses that are marked as part of UT's OTM to guarantee transferability. Non-OTM courses are not guaranteed to transfer into another institution's general education category. To facilitate transfer to other Ohio institutions of higher education, all OTM courses in these categories are clearly identified as OTM courses.

List of Core Curriculum Courses (p. 14).

Core Curriculum Courses

Select one of the following:
requirement. In order to qualify for the core curriculum, a course must be broad-based; narrowly focused courses will generally not fulfill this requirement. Arts and Humanities courses should be broad-based; narrowly focused courses will generally not fulfill this requirement. In order to qualify for the core curriculum, a course must fulfill at least one, and should strive for a preponderance, of the five criteria below:

1. Provide an introduction to a particular arts or humanities discipline;
2. Provide historical perspectives of our world;
3. Provide an overview of philosophical systems that compete for our attention;
4. Provide a broad understanding of literary or cultural currents of the past and/or the present; and,
5. Present cross-cultural perspectives.

After completing the arts and humanities core curriculum, a student should be able to:

1. Communicate effectively: All core curriculum programs include a component for writing; many also include a component for oral communication or presentation
2. Evaluate arguments in a logical fashion: Competence in analysis and logical argument are explicit learning goals for most core curriculum programs, although these skills go by a variety of names (e.g., critical thinking, analysis, logical thinking, etc.)
3. Employ the methods of inquiry characteristic of natural sciences, social sciences, and the arts and humanities: The tools for solving problems vary across disciplines; the core curriculum introduces students to methods of inquiry in several fields of study and thereby prepares students to integrate information from different disciplines
4. Acquire an understanding of our global and diverse culture and society
5. Engage in our democratic society: One of the overarching goals of the core curriculum is to prepare students to be active and informed citizens, the development of a disposition to participate in and contribute to our democracy is full of equal importance to the goal of having the skills to do so intelligently.

B. Social Sciences

Courses intended to fulfill the social science area should be broad, survey-type courses that emphasize methods of thinking and approaches to problems rather than merely material specific to that field. A core curriculum course in social science should integrate factual, institutional, methodological and basic theoretical issues involved in the study of society or human behavior. The course should emphasize critical thinking across a broad range of social and behavioral topics. Ideally, such a course will be interdisciplinary – for example, an economics course might deal not only with principles of economics, but also with politics, psychology, geography, anthropology and/or sociology. Generally, such courses may not be suitable for prospective majors.

In order to qualify for the core curriculum in social science, a course need not contain all of the elements, but should strive for a preponderance, of the following criteria:

1. Provide an introduction to social science theory and/or methodology;
2. Reveal, describe, analyze and critically evaluate the connections between and among human beings and their place in the world, whether ethical, cultural, physical, or social;
3. Demonstrate knowledge of the diversity of social, economic and political institutions and processes, and their interrelationship within the United States and/or world;
4. Provide orientations toward collective behavior;
5. Present cross-cultural orientations;
6. Provide multivariable explanations of social issues;
7. Provide macro (institutional/societal) and micro (individual and small group) approaches; and, 
8. Provide frameworks or settings for applied learning, knowledge or skills.

In addition, a student who completes the core curriculum in social sciences should be able to:

1. Communicate effectively: All core curriculum programs include a component for writing; many also include a component for oral communication or presentation
2. Evaluate arguments in a logical fashion: Competence in analysis and logical argument are explicit learning goals for most core curriculum programs, although these skills go by a variety of names (e.g., critical thinking, analysis, logical thinking, etc.)
3. Employ the methods of inquiry characteristic of natural sciences, social sciences, and the arts and humanities: The tools for solving problems vary across disciplines; the core curriculum introduces students to methods of inquiry in several fields of study and thereby prepares students to integrate information from different disciplines
4. Acquire an understanding of our global and diverse culture and society

5. Engage in our democratic society: One of the overarching goals of general the core curriculum is to prepare students to be active and informed citizens, the development of a disposition to participate in and contribute to our democracy is full of equal importance to the goal of having the skills to do so intelligently.

Total Hours 6
C. Natural Sciences

A course intended to fulfill the natural sciences area should expose students to the process of scientific inquiry and encourage development of a perspective of science in the world. Such a course should not merely provide facts, but an understanding of the basic issues, methodologies and theories that drive inquiry in the major disciplinary areas of the sciences.

Courses would normally be drawn from the biological sciences, environmental sciences, geology, chemistry, physics and astronomy. Emphasis should be placed on reasoning skills rather than recall of scientific content or a high level of skill in mathematics or reading.

In order to qualify for the core curriculum in natural sciences, a course need not contain all of the elements, but should strive for a preponderance, of the following criteria:

1. Provide an understanding of the nature of science in general and of major scientific concepts;
2. Provide analysis and evaluation of scientific information;
3. Present applications and demonstrate the value of the discipline to society in general; and,
4. Introduce scientific reasoning skills.

In addition, a student who completes the core curriculum in natural sciences should be able to:

1. Communicate effectively: All core curriculum programs include a component for writing; many also include a component for oral communication or presentation
2. Evaluate arguments in a logical fashion: Competence in analysis and logical argument are explicit learning goals for most core curriculum programs, although these skills go by a variety of names (e.g., critical thinking, analysis, logical thinking, etc.)
3. Employ the methods of inquiry characteristic of natural sciences, social sciences, and the arts and humanities: The tools for solving problems vary across disciplines; the core curriculum introduces students to methods of inquiry in several fields of study and thereby prepares students to integrate information from different disciplines
4. Acquire an understanding of our global and diverse culture and society
5. Engage in our democratic society: One of the overarching goals of the core curriculum is to prepare students to be active and informed citizens, the development of a disposition to participate in and contribute to our democracy is full of equal importance to the goal of having the skills to do so intelligently.

Total Hours 6

¹ Students must complete a placement test or satisfy prerequisites in order to enroll in one of these courses.

III. Electives

Students must take 9 additional hours from any of the above categories:

- I.B Math,
- II.A Arts and Humanities,
- II.B Social Sciences or
- II.C Natural Sciences.

IV. Multicultural Areas

This requirement aims to foster an understanding of and respect for different cultures and peoples, both within and outside the United States, through the study of their beliefs, customs, histories, values and interrelationships.

(Select one course from Diversity of U.S. Culture and one course from non-U.S. Diversity for a total of six hours. Students may satisfy both of the multicultural requirements with courses that simultaneously fulfill one course in II Distributive (II.A Arts and Humanities or II.B Social Sciences) and one course in III Electives):

A. Diversity of U.S. Culture

A Diversity of U.S. Culture course includes, but is not restricted to, an examination of the economic, political, philosophical, social or artistic life of distinct cultural communities in the United States. Cultural communities may include but are not limited to communities based on race, ethnicity, class, gender, sexual orientation, beliefs and disability.

A student who completes the diversity of U.S. culture requirement should be able to:

- Explain the cultural relationships between dominant and non-dominant cultures within the U.S.;
- Describe how diverse cultural communities contribute to the development of U.S. culture; and,
- Compare complex social structures within diverse U.S. cultural communities.

1 Also fulfills a Social Science requirement.
2 Also fulfills an Arts and Humanities requirement.

**B. Non-U.S. Diversity**

A Non-U.S. Diversity course includes, but is not restricted to, an examination of the economic, political, philosophical, social or artistic life of communities outside the United States that did not contribute to the dominant culture in the United States.

A student who completes the non-U.S. diversity requirement should be able to:

- Demonstrate awareness of cultural communities outside the United States;
- Demonstrate knowledge of responsible citizenship in a global society;
- Explain the cultural relationships between dominant and non-dominant populations outside the United States;
- Compare complex social structures within diverse cultural communities outside the United States; and,
- Recognize contemporary global issues facing a non-U.S. culture.

The purpose of the policy website is to ensure faculty, staff, and governing documents and handbooks of The University of Toledo. The University of Toledo Policy Website (https://www.utoledo.edu/policies/) is a compilation of relevant policy, operational procedures, students have ready access to policies. It is the responsibility of the UT community, including faculty, staff, and students, to familiarize themselves with the policies and comply with the University policies that affect them.

Course Numbering System

University course numbers follow this system:

Undergraduate

Graduate

Credit for Repeated Courses

Credit for any repeated course will apply only once toward degree requirements. Grades for all attempts at the course will appear on the student’s official academic record (official transcript) and will count toward the GPA, unless the grade has been replaced for purposes of calculating the GPA. See the policy on GPA Recalculation for Repeated Courses (http://www.utoledo.edu/offices/registrar/student_records/gpa_recalculation.html). Visit the Office of the Registrar (http://www.utoledo.edu/offices/registrar/student_records/gpa_recalculation.html) for additional details.

GPA Recalculation
Registration Policies

Adding a Class or Registering Late (http://www.utoledo.edu/policies/academic/undergraduate/pdfs/3364-71-08%20%20Adding%20or%20dropping%20course.pdf)

For courses offered over a regularly scheduled academic term, a student may be able to add a course or courses with approval and signature of the course instructor. After the 15th day, the signature of the course instructor, and dean (or designee) of the college in which the student is enrolled is needed to add a course or courses. During a regularly scheduled academic term, a student may drop a course or courses electronically through the fifteenth calendar day of the term.

For courses offered over a regularly scheduled academic term, a student may add a course or courses within the first five calendar days of a fall or spring term with no signature required. Between the sixth calendar day and the 15th calendar day of a regularly scheduled academic term, a student may be able to add a course or courses with approval and signature of the course instructor.

After the 15th day, the signature of the course instructor, and dean (or designee) of the college in which the student is enrolled is needed to add a course or courses. During a regularly scheduled academic term, a student may drop a course or courses electronically through the fifteenth calendar day of the term.

For courses offered during summer term, comprised of four sessions, and/or for courses offered for a part of term (POT), the add/drop period is prorated.

A late registration fee is assessed for initial registrations on or after the first day of the semester. For more information regarding late fee assessment, please review the Treasurer’s Office Finance Brochure (http://www.utoledo.edu/offices/treasurer/finance_brochures.html).

Dropping a Class (http://www.utoledo.edu/policies/academic/undergraduate/pdfs/3364-71-08%20%20Adding%20or%20dropping%20course.pdf)

During the first 15 calendar days of the term (prorated for summer and special sessions), a student may drop from a class with no record on the student's transcript. A student may drop a course or courses electronically through the fifteenth calendar day of the term.

Withdrawing from a Class

Students who decide not to attend or stop attending any or all classes for which they have registered must drop or withdraw from the course(s). Drops and withdrawals can be processed online through the myUT (http://myut.utoledo.edu/) portal (provided there are no holds), and can also be processed at Rocket Solution Central (RSC) located in Rocket Hall, Room 1200, regardless of having a hold. Failure to drop or withdraw from a course for which a student has stopped attending may result in a grade of ‘F.’ Specific drop and withdrawal dates for a term are listed on the University’s academic calendar and here (http://www.utoledo.edu/offices/registrar/registration_dates.html), or by contacting Rocket Solution Central (RSC) at 419.530.8700.

In the event that a student becomes critically ill or injured during the course of the semester, the student should contact the Registrar's Office for information on the Medical Drop/Withdrawal process. There are deadlines associated with this process so contacting the Registrar's Office should be done as soon as possible.

WARNING:

Withdrawing from a course(s) will result in a grade of 'W,' which will appear on your official transcripts. Once a withdrawal is processed, it cannot be rescinded. Based on the date of withdrawal, fees may or may not be adjusted. Since withdrawn courses reduce your enrolled hours, withdrawing from courses may have an adverse effect on financial aid benefits, scholarships, loan deferments, athletic eligibility, health insurance, veterans benefits, degree requirements and other areas. If you are uncertain what effect withdrawing from the course(s) would have, it is recommended that you contact the appropriate department for guidance.

Withdrawal Policies of Colleges

Colleges may limit the total number of withdrawals a student may accumulate. Consult the appropriate college section of this catalog.

Academic Course Overload

An undergraduate student who attempts 21 semester credit hours in fall and/or spring (18 semester hours for graduate students) is considered to be on Academic Overload. In order to register for additional hours above those set limits, students should contact their college office. If approved, the college office will notify the Registrar's Office and your maximum hours will be increased, allowing you to add additional courses.

Refund Policy (http://www.utoledo.edu/offices/treasurer/finance_brochures.html)

Policies related to refund of fees for changes of schedule are presented in the University's Schedule of Classes for the semester or The University of Toledo Finance Brochure. The date used to determine eligibility for refund shall be the date the drop transaction is processed. Failure to attend class, giving notice to an instructor, stopping payment on a check that was used to pay fees, or similar unofficial notice to any University office will not be considered official notice.

The University’s refund policy includes provisions to conform to the Higher Education Amendments of 1998 and the Return of Title IV Funds regulations published on November 1, 1999.

Registration/Scheduling (http://www.utoledo.edu/offices/registrar/)

Information related to scheduling/registration procedures is described on the Office of the Registrar's website at www.utoledo.edu/offices/registrar/ (http://www.utoledo.edu/offices/registrar/). Students with disabilities may have priority registration through the Student Disability Services.
Grading Policies

</tr>
</tbody>
</table>

¹ No effect on grade point average.

The Grade of Incomplete (IN)
The grade of Incomplete is assigned only in extraordinary cases when unexpected conditions prevent the student from completing the requirements of the course within the term of enrollment. The IN has no effect on the student's grade point average.

The Grade of Progress in Review (PRS or PRU)
The progress-in-review grade is intended for undergraduate research courses and for special projects at the undergraduate levels, such as honors thesis, study abroad, etc. that may not be completed at the end of a particular grading period. The progress-in-review grade has no effect on the student's grade point average.

The Audit Grade Option (AU)
Audit means a student is enrolled in credit bearing courses but elects not to receive credit. A grade of AU has no effect on the student's grade point average.

Pass/No Credit (PS/NC) Grade Option
Students may elect to enroll in certain undergraduate courses for pass/no credit rather than an A-F grade. The PS or NC grade has no effect on the student's grade point average.

Grade Changes
1. ‘IN’ or ‘PRS/PRU’ to a letter grade: After work is completed, the instructor will complete a change of grade form and forward it to the Office of the Registrar.
2. All letter grade to letter grade changes must be forwarded to the college office for final approval. They are then submitted to the Office of the Registrar.

GPA Recalculation Policy for Repeated Courses
Under certain conditions, students who have retaken a course and earned a higher grade may petition to have the first grade excluded from their grade point average. If the petition is approved, the Office of the Registrar will be notified, and the student's transcript will show the notation “Repeat (Excluded from GPA)” next to the original course and the notation “R” next to the retaken course.

Credit for any repeated course will apply only once toward degree requirements. Grades for all attempts at the course will appear on the student's official academic record (official transcript) regardless of whether the grade has been deleted. All grades, including those for repeated courses, will be included in the determination of eligibility for honors, fellowships and other distinctions accruing on the basis of GPA. A copy of the approved petition will become part of the student's permanent record file.

A student may petition to have a grade excluded from GPA computation under the following conditions:
1. The repeated course must be completed prior to the granting of the first bachelor's degree, and the grade deletion petition must be submitted no later than one semester after graduation.
2. Before petitioning, a student must have retaken the same course (or the renumbered substitute for that course) in the same department at
The University of Toledo and have earned a higher grade in the course retaken.

3. No more than a total of 12 semester hours or the equivalent of 16 quarter hours of coursework may be deleted from the student's transcript. A college may adopt a more stringent requirement.

4. This policy applies only to the first recorded grade in a course that a student has repeated.

5. Subject to the limitations described above, applications will be approved unless the instructor attests that the original grade was given for academic dishonesty.

This policy will apply to all students admitted for fall 1997 or later. It does not apply to graduate and post-baccalaureate professional studies.

Grade Point Average (GPA)
A student's cumulative grade point average is computed by dividing the total number of quality hours into the total number of quality points earned, including 'F' grades for all repeated courses that have not been approved for recalculation on the basis of petition by the student. To obtain a degree or certificate in an undergraduate program, the student must have the proper number of credit hours in the courses required for the degree and a cumulative grade point average of at least 2.0. Grade point average requirements may be higher in certain colleges and in certain majors; this information is available in the individual college listings.

Higher Education Grade Point Average
A student's higher education (overall) grade point average includes all coursework taken at all institutions of higher education, including UT (unadjusted by GPA Recalculation petitions or the Academic Forgiveness Policy). The higher education GPA will be used for purposes of determining eligibility for University, collegiate, departmental or professional honors and other recognition based on the student's undergraduate academic career and record of academic performance.

Academic Forgiveness Policy
Under certain conditions, an undergraduate student who re-enrolls in The University of Toledo after an absence from the University (or any academic institution of higher education) is permitted the opportunity to have his/her academic standing calculated from the point of readmission. Once the student has demonstrated the ability to sustain a satisfactory level of academic performance, all grades of 'C-' , 'D+', 'D', 'D-', 'F', 'E', 'P' and 'WF' are forfeited. Grades of 'A', 'A-', 'B+', 'B', 'B-', 'C+', 'C' and 'PS' only will be counted for credit. The following students are eligible to petition for the Academic Forgiveness policy:

1. Former students who have not been enrolled at UT or any other accredited academic institution of higher learning for a period of at least two calendar years, during which time the student has a documented enlistment in the U.S. Armed Forces.

2. Former students who have not been enrolled at UT or any other accredited academic institution of higher learning for a period of at least three calendar years.

Students who would be eligible for academic forgiveness will follow the established procedures for readmission. Upon completion of 24 semester hours of graded academic coursework in a bachelor's degree program, or 16 semester hours of graded academic coursework in an associate's degree program and a minimum time of two semesters, as well as a minimum grade point average of 2.5 in courses since readmission, the student may elect to apply for academic forgiveness by submitting a written petition to the dean of the college.

If the dean grants academic forgiveness:

1. The previous grade point average is deleted.

2. Credits from all courses taken during the previous enrollment at UT with a grade of 'C-' or lower are removed (although the grades are retained on the academic transcript with the notation "Academic Forgiveness Policy").

3. Credits for all courses taken during the previous enrollment at UT with a grade of 'C' or better, as well as 'PS', only will be counted for credit.

4. All calculations of quality hours, quality points and cumulative GPA will be adjusted.

The Academic Forgiveness policy applies to all grades, including pass and fail, earned during the previous enrollment period at UT. If a student received a grade of 'C', 'D+', 'D' or 'D-' during the previous enrollment period for a course that is required in the degree program that the student is pursing, the student must either retake the course or the dean of the college must approve a suitable substitution.

Under provisions of the Academic Forgiveness policy, a student must be re-enrolled at UT for a minimum of 24 semester hours and meet the residency requirement before graduation. Grades from all courses ever taken at UT and the resulting GPA (unadjusted by the Academic Forgiveness policy) will be used for purposes of determining eligibility for university, collegiate, departmental or professional honors or other recognition.

A student may petition for the application of the Academic Forgiveness policy to his or her record only one time in his or her career at UT. This policy is available only for undergraduate coursework taken at UT and only for undergraduate students earning either the first baccalaureate or associate degree, whichever is earned first. Students may not petition for GPA recalculation under the university's GPA recalculation policy after they have used the Academic Forgiveness policy.

Note: This policy does not apply to graduate studies.

Administrative Adjustment for Extenuating Circumstances
The purpose of the policy is to provide students who experience unavoidable, extenuating circumstances or catastrophic illness the opportunity to petition the University for an administrative adjustment.
This policy is for extenuating circumstances and does not supersede the missed class policy.

Extenuating circumstances are defined as situations that significantly interfere with the student’s academic work and/or ability to attend classes that arise during the semester, and are beyond the student’s control. Serious injuries or illnesses, death of an immediate family member or a military call to active duty are examples of circumstances that might be regarded as extenuating.

This policy applies to all undergraduate students. Each college may publish detailed implementation strategies specific to that college.

Regardless of the circumstances, a student withdrawal from most or all classes may affect the student’s financial aid and/or satisfactory academic progress.

An official withdrawal results in a grade of “W” recorded on the student’s transcript for courses in session on the date of withdrawal. No credit is earned. The student’s grade-point average is not affected.

The date used to determine eligibility for financial adjustments shall be the date the student stopped attending as verified by the instructors as a result of the extenuating circumstances. The financial adjustments are based on the policies of The University of Toledo. It is the student’s responsibility to read and understand the policies on student fees and accounts as published and posted at http://www.utoledo.edu/offices/treasurer/finance_brochures.html and important registration dates for each semester as published and posted at http://www.utoledo.edu/offices/registrar/registration.html.

This comprehensive policy will cover petitions based on both academic and medical circumstances. Financial adjustments may be granted in certain situations.

1. Academic adjustment refers to discretionary drop/withdrawal/schedule adjustments due to extenuating circumstances. A course “drop” will only be considered in the first 15 calendar days of the term pro-rated for summer and parts of term less than full term. After the fifteenth calendar day (pro-rated for summer and parts of term less than full term), a withdrawal may be processed.

2. Medical adjustment refers to medical circumstances that interfere with the student’s ability to participate in academic activities. A medical adjustment approval can be made for all or some of the courses in the term for which the adjustment is requested. Medical requests must indicate when and how the student’s condition prevented class attendance and include documentation from a licensed health-care provider. It is important to note that if a medical adjustment is approved, a medical registration hold is placed on the student’s record by the registrar’s office, and the student will be blocked from all future registration until the hold is removed. The removal of the medical hold will only be processed after the student’s documented health-care provider supplies verification that the student’s condition is resolved with a minimum of a good prognosis to return to the University. In addition to a medical hold, any other registration holds must be resolved through the appropriate offices prior to registering for subsequent terms. If the student is registered for future terms, those courses will be dropped by the registrar’s office.

The Petition for Administrative Adjustment is found on the web at http://www.utoledo.edu/offices/registrar/forms.html in the registrar’s office.

Students must complete the petition for administrative adjustment and attach their written statement and supporting documentation or the petition will be denied. A student must submit all the appropriate documents/forms to the registrar’s office within 12 calendar months of the last day of classes for the term for which the adjustment is requested.

Student responsibilities:

1. Consider alternatives to an administrative adjustment (i.e., schedule adjustment, incomplete grade, support services, GPA Recalculation Policy for Repeated Courses: http://www.utoledo.edu/offices/registrar/student_records/gpa_recalculation.html
   a. Students with a diagnosis/disability requiring accommodations are encouraged to notify Student Disability Services at 419.530.4981 or http://www.utoledo.edu/offices/student-disability-services/.

2. Consult with instructors, your academic advisor and/or the financial aid office to explore your options and the consequences of an approved or denied Petition for Administrative Adjustment.
   a. Financial aid recipients who subsequently withdraw or change enrollment status may jeopardize their financial aid, depending on the withdrawal date and the type of aid. An approved adjustment can result in federal grants and/or loans being returned to the Department of Education. A reduction of the load obligation could cause a balance due on The University of Toledo student account.
   b. Fee adjustments to parking, meal plan, residence life or health insurance must be made by student-initiated contact with the appropriate office.

3. Complete the Petition for Administrative Adjustment – including all of the following:
   a. A written “reason/explanation” statement detailing the extenuating circumstances, how the unavoidable circumstances interfered with academic progress, the action that is being requested and the reason why the petition for an administrative adjustment should be granted.
   b. Indicate the term for the request, including the dates of attendance and/or the last date attended. Medical requests must also list the date of the onset of the illness, when and how the impairment interfered with academic progress, the date(s) professional care was obtained for the medical request and the date(s) of hospitalization (if appropriate).
   c. Attach supporting documentation and/or verification documents on official letterhead pertaining to the extenuating circumstances. Students petitioning for medical requests must contact the registrar’s office (registrar@utoledo.edu or 419.530.4845) for an initial consult and to obtain additional application materials to be included with the Petition for Administrative Adjustment, including a signed “Physicians’ Verification of Medical Circumstances” form.
   d. Sign and date the petition.
   e. Submit the completed petition to the registrar’s office within 12 calendar months of the last day of classes for the term for
which the adjustment is requested. Petitions for administrative adjustment will not be accepted during final exam week or later.

4. Students will be notified in writing of the decision of the request for an adjustment. Do not assume the petition for extenuating circumstances has automatically been approved. Students should monitor their student account for fee adjustments at http://myut.utoledo.edu.

5. In the event of a denied petition for an administrative adjustment, the student has the right to appeal, with the final authority being the Administrative Adjustment Review Committee. Appeals are limited to those situations where additional relevant information is provided by the student that was not included in the original Petition for Administrative Adjustment. Appeals must be submitted to the registrar’s office in written format within 30 calendar days of the denial letter. Petitions submitted late are not appealable decisions.

Petition for Administrative Adjustment

In certain extenuating circumstances that occur outside the normal policies and deadlines of the University, discretionary drop/withdrawal/schedule adjustments may be granted. A student must petition the Office of the Registrar within one year of the term for which the adjustment is requested and must provide a written statement explaining why an administrative adjustment is requested. This written statement must include dates, details, any financial request, documentation supporting the explanation, and a completed Course Request Form or Withdrawal Form as appropriate. Students with medical requests to drop classes for personal illness or injury should contact the Student Medical Center at 419.530.3493.

Petition for Administrative Adjustment Policy (https://www.utoledo.edu/policies/academic/undergraduate/pdfs/3364-71-01Administrative%20adjustment%20for%20extenuating%20circumstance.pdf)

Academic Probation

1. A student whose cumulative GPA is less than 2.0 is automatically placed on probation until a 2.0 cumulative GPA is achieved.
   a. In the College of Engineering, a student earning a 1.5 average in any semester regardless of his or her cumulative grade point average will be placed on probation.
   b. Refer to the College of Pharmacy (http://utoledo-public.courseleaf.com/undergraduate/pharmacy-pharmaceutical-sciences/student-responsibilities/appeal-procedure-academic-performance-degree-progression/) section in the catalog for specific policies regarding academic probation.

2. As long as a student remains on academic probation, enrollment restrictions may be imposed by the student’s college. Individual colleges or degree programs may require probationary students to fulfill specific requirements in order to register for courses during subsequent semesters. These requirements may include, but are not limited to: limits on credit hour enrollment, regular meetings with academic advisors or success coaches, regular attendance in courses, utilizing University tutoring or other student success initiatives.

3. A student will be removed from probation when the cumulative UToledo GPA is 2.0 or greater.

3364-71-01_Academic Standing Policy

Academic Suspension

Students may be suspended from the University if they fail to maintain the required cumulative GPA. A student under academic suspension may not enroll in classes at UT for a period of at least one semester. Students should refer to the statements of colleges and centers for information regarding their specific policies and grade point averages. A cumulative GPA on attempting specific levels of coursework defined in items 1-6 below leads to suspension.

1. Less than 1.0 after attempting 10-19 semester hours
2. Less than 1.5 after attempting 20-29 semester hours
3. Less than 1.7 after attempting 30-39 semester hours
4. Less than 1.8 after attempting 40-49 semester hours
5. Less than 1.9 after attempting 50-59 semester hours
6. Less than 2.0 after attempting 60 semester hours

Each college will set its own conditions for readmission. After accumulating 60 credit hours without suspension, a student may be suspended if the student falls below a cumulative GPA of 2.0 for two consecutive semesters.

Consult the probation and suspension policies for each college for more specific information. The Graduate School and the Colleges of Engineering and Pharmacy have separate and distinct policies from the other colleges.

3364-71-01_Academic Standing Policy (http://www.utoledo.edu/policies/academic/undergraduate/pdfs/3364-71-01%20Academic%20standing.pdf)

Policy Statement on Academic Dishonesty

The University values responsible and ethical behavior in all academic endeavors. Academic dishonesty will not be tolerated. Among the aims of education are the acquisition of knowledge and development of the skills necessary for success in any profession. Students are responsible for knowing what constitutes academic dishonesty. If students are uncertain about what constitutes plagiarism or cheating, they should seek the instructor’s advice. Examples of academic dishonesty include, but are not limited to:

1. Plagiarizing or representing the words, ideas or information of another person as one’s own and not offering proper documentation;
2. Giving or receiving, prior to an examination, any unauthorized information concerning the content of that examination;
3. Referring to or displaying any unauthorized materials inside or outside of the examination room during the course of an examination;
4. Communicating during an examination in any manner with any unauthorized person concerning the examination or any part of it;
5. Giving or receiving substantive aid during the course of an examination;
6. Commencing an examination before the stipulated time or continuing to work on an examination after the announced conclusion of the examination period;
7. Taking, converting, concealing, defacing, damaging or destroying any property related to the preparation or completion of assignments, research or examination;
8. Submitting the same written work to fulfill the requirements for more than one course.

While academic integrity is particularly the responsibility of the student, the faculty members also have a responsibility. Assignments and tests should be constructed and proctored so as to discourage academic dishonesty. Faculty members are expected to inform their students explicitly as to what materials and procedures are authorized for use in the preparation of assignments or in examinations (e.g., the use of a calculator, computer, text materials, etc.). Should cases of academic dishonesty be found among students, the instructor may choose to counsel the student, or the following sanctions may be imposed:

1. The student may be assigned an ‘F’ for the work in question.
2. The student may be assigned an ‘F’ for the course. In this case, the instructor should inform the dean and the student of this action. The dean will make certain that the student receives the ‘F’ grade and is not permitted to withdraw from the course.
3. The student may be placed on probation or suspended for some definite period of time, dismissed or expelled by the dean if either the seriousness of the offense or a record of repeated offenses warrants it. A notation that such a sanction has been imposed will be made part of the student’s permanent record. It is expected that the dean will consult with the instructor and the student in making such a judgment, and that the dean will notify the student of the sanction imposed and of the appeals procedure.

Honors
Graduation with Honors

Baccalaureate students graduate with scholastic distinction on the basis of the higher education (overall) grade point averages. A student’s higher education grade point average includes all course work taken at all regionally accredited postsecondary institutions of higher education, including the University of Toledo. The higher education grade point average is unadjusted by the GPA Recalculation policy or the Academic Forgiveness policy. The higher education GPA will be used for purposes of determining eligibility for University, collegiate, departmental or professional honors and other recognition based upon the student’s total undergraduate academic performance as documented on the student’s official transcript. The higher education GPA is not indicated on the student’s University of Toledo official transcript.

These averages and the citation they merit on the student’s degree are as follows: 3.3, cum laude; 3.6, magna cum laude; 3.9, summa cum laude. Students must have taken 80 percent of their course work on the regular grading system, minus any credits earned in courses where the student has no choice in receiving a P/NC grade, to qualify for honors.

Students graduating with an associate's degree will receive a scholastic distinction of “high scholarship” if their overall GPA is a 3.3 or higher.

Transfer students should note that the University of Toledo will include all course work taken at all institutions of higher education in the calculation to determine if a student will graduate with honors. All course college work taken is computed in determining eligibility for graduation with honors, although no student will be awarded a level of honors above that indicated by the university of Toledo cumulative GPA.

Note: the University of Toledo requires a minimum of 30 semester hours of standard letter graded courses from UT in order to qualify for graduation with honors.

President’s List

Each term, except summer, full-time students (12 or more quality hours, graded A through F) earning a 4.0 GPA are selected for recognition by being named to the president’s list. Because of the co-op programs, full-time students in the college of engineering will be eligible for the president’s list during the summer term.

Dean’s List

Each term, except summer, full-time students (12 or more quality hours, graded A through F) earning a 3.5 or above GPA are selected for recognition by being named to the dean’s list. Because of the co-op programs, full-time students in the college of engineering will be eligible for the dean’s list during the summer term.

Dean’s Recognition List

The dean’s recognition list is used to recognize part-time students for academic excellence. This recognition will occur in the summer for the previous academic year’s performance. For this distinction a student must:
(a) Be enrolled for both semesters of an academic year and complete a total of nine to 22 hours graded A through F between the two semesters;
(b) Be a part-time student for the academic year; and
(c) Earn a cumulative GPA of 3.5 or better for each semester.

Please refer to the individual college sections for more specific information on scholastic distinction.

Graduation with honors distinction: Dean's List; President's List Policy (https://www.utoledo.edu/policies/academic/undergraduate/pdfs/3364-71-13%20%20Graduation%20with%20honors%20distinction.pdf)

Academic Support Services - Tutoring

The University of Toledo offers tutors through its Learning Enhancement Center who can assist students, whether you are looking to improve a course grade, freshen up on study skills, check and strengthen your understanding of a topic, review assignments or learn new test-taking strategies. You are encouraged to stop in and meet face-to-face with a highly trained tutor. Statistics show that the more you visit a tutor, the greater the possibility of increasing your GPA.

Learning Enhancement Center (https://www.utoledo.edu/success/lec/)

Locations: Carlson Library, 0200 (lower level)
Phone: 419.530.2176
E-mail: lec@utoledo.edu
Website: utoledo.edu/success/lec/ (http://www.utoledo.edu/success/lec/)

The Learning Enhancement Center (LEC) provides free tutoring services to all UT students. The LEC’s mission is to provide UT students with accessible and professional academic support services that enhance success and retention. The LEC provides tutoring on a walk-in basis for undergraduate science, math, statistics, engineering, business and foreign language courses. UT’s highly trained tutors help students prepare for tests, understand new concepts and improve proficiency in various courses. Students also may access online tutoring, where they can chat live with a tutor or post a question. An eTutor and student share a live workspace, where they communicate through various tools, including chat, voice and video, whiteboard, file sharing and application sharing.

The LEC also offers Supplemental Instruction (SI) which is a series of peer-led, weekly study sessions for students enrolled in select courses. The SI method has been proven to increase understanding of coursework and improve grades. SI is free and available to students enrolled in the course offering the program. Academic workshops are available in a variety of topics including:

- Praxis test preparation,
- Study skills,
- Time management, and
- Note-taking skills.

Individualized appointments are available for students interested in maximizing their learning potential. The LEC website provides a variety of resources for academic development.

STUDENT-ATHLETE ACADEMIC SERVICES (https://www.utoledo.edu/success/saas/)

Locations: Larimer Athletic Complex, Room 2030
Phone: 419.530.3542
Web site: utoledo.edu/success/saas/ (http://www.utoledo.edu/success/saas/)

Student Athlete Academic Services is a comprehensive support program that offers resources targeting the needs of each individual student-athlete based on immediate needs, with a scope of longevity. The Rocket Academic Center office collaborates with coaches, student-athletes, advisors, administrators (athletic and academic), professors, and any other constituents necessary to ensure that each student-athlete is provided with the necessary tools and support to help them reach their full academic potential.

SAAS is located on the second floor of the Larimer Athletic Complex. It includes staff offices, tutoring rooms, and a computer lab with individual desktop workstations. SAAS provides a variety of services to assist student-athletes that includes course scheduling, study hall, academic coaching, individualized and group tutoring, career preparation and community service engagement.

Some of the services include:

- Monitor student-athlete academic progress, class schedules, and academic/athletic eligibility
- Work closely with the registrar and compliance offices to ensure that each student-athlete meets all University of Toledo, MAC, and NCAA academic requirements.
- Coordinators utilize feedback from student-athletes, professors, coaches, tutors, and the learning specialist to serve student-athletes on an individualized and specialized basis
- Coordinate services for student-athletes with identified learning and attention disabilities through collaboration with the Office of Student Disability Services.

Tutoring Services:

- Content Tutors provide individualized and small group academic support in particular courses and subject areas. Content Tutors work with assigned students throughout the semester to supplement classroom instruction and to provide help toward the achievement of course-specific objectives.
- Academic Coaches engage students in developing and implementing strategies to enhance their learning and successfully manage course objectives and tasks. Academic Coaches are committed to ensuring the continued growth and academic development of our Student-Athletes. Their ultimate purpose is to facilitate learning and assist students in becoming independent self-sufficient learners.

TRIO Student Support Services (http://www.utoledo.edu/success/trio/)

Locations: Carlson Library, 0300
Phone: 419.530.3848
Email: triosss@utoledo.edu
TRIO Student Support Services is a federally funded program that provides a comprehensive range of academic and other support services to first-generation, low-income and students with disabilities. Students in the TRIO SSS program receive assistance in academic and personal development to enhance their chances of graduation. Students are accepted their freshman through senior years and remain with the program for up to six years or until their graduation date.

TRIO SSS’s services include advising, tutoring, mentoring, academic resources, and life skill planning for during and after college.

TRIO Student Support Services provides:

• Identification and recruitment of enrolled students with academic need who meet federal program criteria of first-generation, disabled, low-income or a combination;

• Individual and group support in the form of advising, mentoring and tutoring;

• Academic advising and monitoring in order to enhance persistence;

• Career and financial aid counseling, graduate school and money management mentoring to improve economic outcomes beyond graduation; and

• Collaboration with University of Toledo student programs in order to enhance student experiences leading to retention and graduation.

Writing Center (https://www.utoledo.edu/success/writingcenter/)

Location: Carlson Library, 0130 (lower level)
Phone: 419.530.2176
Email: writingcenter@utoledo.edu
Web: utoledo.edu/success/writingcenter (http://www.utoledo.edu/success/writingcenter/)

The Writing Center offers free writing assistance to all UT students. Our writing tutors are educated in various disciplines and can assist with a variety of assignments. They offer individual instruction to students at any stage of academic or personal writing. Students may meet with Writing Center tutors to generate ideas, organize notes and thoughts, and receive feedback on drafts or complete papers. The following are often reviewed by our tutors:

• Essays,
• Research papers,
• Creative writing,
• Theses,
• Dissertations,
• Grant proposals,
• Professional publications, and
• Scholarship/job applications.

The Writing Center’s website has many writing resources, including information on proper grammar, revision and editorial recommendations and various citation styles. Writing appointments can be scheduled online via the Writing Center webpage. The Writing Center also has daily walk in hours for quick questions.

Center for Success Coaching

Location: Rocket Hall, Rm 1830
Phone: 419.530.1250
Email: successcoach@utoledo.edu
Website: www.utoledo.edu/successcoach (http://www.utoledo.edu/successcoach/)

The Mission of the Center for Success Coaching is to empower UT students to thrive academically, personally and professionally from orientation to graduation through a holistic, student-centered approach.

Coaches provide individualized support in the following areas:

• Assistance with course-related concerns including navigating technology and communicating with professors
• Referrals to academic support services and other campus resources
• Time management, study strategies and stress management
• Connections to campus engagement and experiential learning opportunities
• Budgeting, navigating financial processes and financial literacy
• Career and major exploration, career development and goal setting

Your success coach is like your personal GPS.

As you navigate from where you are to where you want to be, coaches offer one-on-one guidance and support through:
• **Caring** about all aspects of your well-being
• Being a **non-judgmental** sounding board who provides **honest feedback**
• Providing **proactive outreach** and communication of key UT dates, deadlines, and events

### Career Services

**Location:** Student Union Room 1533  
**Phone:** 419.530.4341  
**Email:** careerservices@utoledo.edu  
**Website:** www.utoledo.edu/career/ ([http://www.utoledo.edu/career/](http://www.utoledo.edu/career/))

Career Services provides comprehensive career planning services for all UT students and alumni in order to clarify and implement their academic and career goals.

- Professional staff can assist students with career exploration and selection of a major. They also offer customizable presentations on a wide-range of career topics for student organizations, faculty and staff.
- Scheduled and walk-in appointments are available, addressing professional development needs including:
  - Resume, CV and cover letter writing assistance;
  - Mock interviews;
  - Professional dress and etiquette advice;
  - Social media presence and job search strategies.
- The Career Studio is available during business hours for students to use computers and printer for career-related activities.
- On-campus student employment is administered out of the Career Services office, including the posting of on-campus positions and the processing of student employment documentation.
- Career Services works with employers to secure part-time, full-time and internship opportunities. ‘Handshake’ is the online employment platform where students and alumni can review and apply for positions. Rocket Ready is an internship program open to all-majors that includes internship preparation and assistance with securing an internship.
- Professional interview attire is available at no-cost through the Professional Menswear Closet and Kate’s Closet. Career Services partners with JCPenney in the spring and fall for Suit-Up events where students received a significant discount on professional attire and accessories.

In addition to services available in person, Career Services offers a wide range of online resources including: self-assessments for exploring career and education possibilities, strengthening interview skills, exploring job opportunities around the globe, and connecting with alumni and business across the country. The online resources can be accessed via the myUT portal under the University Career Services heading. Additionally, students are encouraged to utilize the comprehensive career tools included in the platform Ohio Means Jobs ([https://jobseeker.ohiomeansjobs.monster.com/home.aspx](https://jobseeker.ohiomeansjobs.monster.com/home.aspx)).

It is recommended that students connect with Career Services in their first year and continue working with them often throughout their academic career.

---

### University Counseling Center

**University Health Center**  
1735 West Rocket Drive  
**Main Campus**  
**Phone:** 419.530.2426  
**Website:** www.utoledo.edu/studentaffairs/counseling/ ([http://www.utoledo.edu/studentaffairs/counseling/](http://www.utoledo.edu/studentaffairs/counseling/))

The University Counseling Center is the primary university-based mental health service for University of Toledo students.

The Counseling Center staff provides counseling (individual and group), mental health and wellness programming, and crisis intervention services to help students cope with the demands of college and to facilitate the development of life adjustment strategies. We hope to empower you with the skills to assist you in attaining your educational goals at the University of Toledo. In addition the Counseling Center staff provides training to graduate students in several disciplines including Clinical Psychology, Counselor Education and Supervision, and Social Work. All trainees are supervised by licensed professionals within, according to the rules and regulations of their discipline.

We provide services in accordance with the codes of ethics of the helping professions and standards of the American Psychological Association, American Counseling Association, and the International Association of Counseling Services, Inc. as well as to the rules and regulations of the State of Ohio.

### Dean of Students' Office

**Location:** Student Union Room 2509  
**Phone:** 419.530.8852  
**Email:** deanofstudents@utoledo.edu  
**Website:** www.utoledo.edu/studentaffairs/dos/ ([http://www.utoledo.edu/studentaffairs/dos/](http://www.utoledo.edu/studentaffairs/dos/))

The mission of the Office of the Dean of Students is to ensure that students accomplish their educational and personal goals within the context of the broader academic purpose of the University. The Office of the Dean of Students promotes the development of, and enhances the educational experience for, students through intentionally designed co-curricular opportunities and through institutional policy development on students’ behalf.

### Catharine S. Eberly Center for Women

**Location:** Tucker Hall Room 0168  
**Phone:** 419.530.8570  
**Web site:** www.utoledo.edu/centers/eberly/ ([http://www.utoledo.edu/centers/eberly/](http://www.utoledo.edu/centers/eberly/))

The Catharine S. Eberly Center for Women advances gender equity at The University of Toledo and in the community through high-impact and innovative programs that uplift women, build community, and mobilize changemakers. Our programs are open to students, faculty, staff, and community members of all gender identities. Students and community members have access to a computer lab, scholarship opportunities and a lactation room. The Center offers a variety of resources and referral services.
Student Disability Services

Location: Rocket Hall 1820
Phone: 419.530.4981
VP: 419.386.2189
TTY: 419.530.2612
Website: www.utoledo.edu/offices/student-disability-services/ (http://www.utoledo.edu/offices/student-disability-services/)

Student Disability Services (SDS) works with faculty and colleges to identify and ensure the provision of reasonable academic accommodations to otherwise qualified students who self-identify as having a disability and complete the process of registering with SDS. SDS supports students with physical, emotional/psychological, and learning disabilities in all UT colleges including undergraduate, graduate and professional programs. SDS values human diversity and recognizes disability as an important aspect of diversity. SDS serves as an advocate for students with disabilities, while encouraging and helping students develop effective self-advocacy skills.

Student Medical Services

Location: Student Medical Center
Phone: 419.530.3451
Website: www.utoledo.edu/healthservices/student/ (http://www.utoledo.edu/healthservices/student/)

The Student Medical Center is a nationally accredited health-care facility staffed with board-certified physicians and certified nurse practitioners who offer students, faculty and staff a variety of services, including:

- Services available at the clinic include:
  - Acute illness care
  - Physical examinations
  - Prescription medications
  - Mental health and counseling services (https://www.utoledo.edu/healthservices/hsc/mental.html)
  - Allergy injections
  - Immunizations for required clerkships
  - Occupational exposure follow-up care
  - Well woman care and routine contraceptive care

Charges are assessed for office visits, procedures, laboratory work and pharmacy. Third-party billing is provided for those who have health insurance. University Counseling Center services are available at the Student Medical Center and in the Armory.

Center for International Studies and Programs (CISP)

Location: Snyder Memorial, Suite 1000
Phone: 419.530.7750
Email: cisp@utoledo.edu
Website: www.utoledo.edu/cisp (http://www.utoledo.edu/cisp/)
Facebook: @utcisp

The Center for International Studies and Programs (CISP) supports members of the UT community, domestic and international, in their pursuit of knowledge and cultural exchanges. We believe in the importance of developing and fostering a global mindset and preparing students to live and work in an increasingly interconnected world.

American Language Institute (ALI)

ALI provides intensive English training to students, scholars, and area residents of international origins who seek to strengthen English language proficiency and raise their cultural competence. ALI also provides assistance to international professionals seeking professional development opportunities as well as offering evaluation and training for international teaching assistants who seek to strengthen their oral English proficiency.

Location: Snyder Memorial, Suite 1400
Phone: 419.530.4702
Email: ali@utoledo.edu
Website: www.utoledo.edu/cisp/ali (http://www.utoledo.edu/cisp/ali/)
Facebook: @americanlanguageinstitute

Confucius Institute (CI)

CI is committed to serving the region of northwest Ohio by providing education in Chinese language and culture, developing and enhancing China-related scholarly research/discovery, academic programs, and educational and training programs that support business outreach and engagement, and offering opportunities for cultural exchanges between China and the United States of America. CI is the one stop service office for all things related with China!

Location: Snyder Memorial, Suite 1020
Phone: 419.530.7750
Email: confuciusinstitute@utoledo.edu
Website: www.utoledo.edu/cisp/Confucius_Institute/ (https://www.utoledo.edu/cisp/Confucius_Institute/)
Facebook: @exploreutci

Education Abroad Office (EA)

The Education Abroad Office is committed to global exchange, cross cultural interaction and providing a rewarding human experience. UT students experience new cultures, people and sights all while earning college credit.

Methods of studying abroad offered through the University of Toledo are:

- Affiliate Programs
- Faculty Led Programs
- Exchange Programs
- Direct Enroll Programs

These programs are designed for 1 week up to 1 full academic year depending on each student’s academic needs and desires to explore other cultures.

- Credits transfer back to UT so that each student can still graduate on time!
Financial aid is available to assist with the cost of each study abroad program.

Location: Snyder Memorial, Suite 1000  
Phone: 419.530.5285  
Email: eduabroad@utoledo.edu  
Website: www.utoledo.edu/cisp/studyabroad

Office of International Student and Scholar Services (OISSS)  
OISSS provides immigration advising services for F-1 students, J-1 scholars and H-1B employees. Our dedicated staff is here to assist you with concerns regarding your immigration status.

Visit us if you have questions about:

- Maintaining non-immigrant status  
- I-20, DS-2019 and H-1B  
- Visa, travel and re-entry  
- Immigration Regulations  
- iRocket Portal  
- New International Student Orientation  
- Employment authorization  
- Passports for U.S. Citizens

Location: Snyder Memorial, Suite 1000  
Phone: 419.530.4229  
Email: oissss@utoledo.edu  
Website: www.utoledo.edu/cisp

Office of Multicultural Student Success

Sponsored Programs include:

- History and Heritage Months  
- Multicultural Graduation  
- Mentoring:  
  - T.A.W.L. (Talented Aspiring Women Leaders) is geared toward multicultural women,  
  - Brothers On The Rise is geared toward African American and Latino men,  
  - PRIMOS (The English translation for “cousins”) is geared toward first-year Latino students,

The mission of the Office of Multicultural Student Success (OMSS) is to foster an inclusive learning environment that promotes academic success, retention and graduation. Through its collaboration efforts, OMSS critically engages students in order to create a campus culture in which all persons, organizations and groups can learn and develop to achieve their greatest potential. OMSS offers programs and services to support our African-American, Latino and LGBTQA+ students, including mentorship and leadership opportunities.

Office of Recreational Services

The Office of Recreational Services, a member of the Division of Student Affairs, provides The University of Toledo community with quality, student-centered recreation and wellness programs and services that enrich the mind, body and spirit. The Office of Recreational Services is the premier service provider to The University of Toledo community for healthy lifestyle options and developmental opportunities for student success. Opportunities are offered to explore your limits, experience achievement and practice wholesome stress-management techniques. Activities regularly promote social interaction within the culturally diverse University community.

Students are continually challenged to examine their values and life choices in the search to build a meaningful identity and understand themselves and others. The numerous competitive and cooperative interchanges provide an ideal climate for learning to respect the dignity and worth of all individuals, as well as the importance of team development. Services provided to students through the Student Recreation Center include:

- Drop-in recreation,  
- Intramurals,  
- Sports clubs,  
- Red Cross certification classes,  
- Swim lessons,  
- Group exercise classes,  
- Climb wall,  
- Summer Camp for Children 5-12,  
- S.U.C.C.E.E.D (Students United for a Courageous, Creative, Educated & Empowered Destiny) is geared toward Lesbian, Gay, Bisexual, Transgender, Questioning, and Ally (LGBTQA) students.
- M.O.R.E. (Multicultural Orientation & Resources for Excellence) assists students with the following:  
  - Help with making a successful transition from high school to college;  
  - Support that starts on the first day of classes and continues all the way to graduation;  
  - Academic and social programs that get and keep you connected with UT;  
  - Enrichment opportunities with student organizations, peers, campus and community leaders; and  
  - Opportunities to develop your own leadership potential.

Residence Life
Location: Ottawa House West
Phone: 419.530.2941
Website: www.utoledo.edu/studentaffairs/reslife/ (http://www.utoledo.edu/studentaffairs/reslife/index/)

University housing is a place where students can call ‘home’ – a place where they can relax after a day of classes, hang out with their friends, eat a freshly cooked meal and get involved. Living on campus connects students with the vibrant life of the University. The close-knit, supportive, on-campus community offers students a place to live and work that distinctly enhances their college experience by putting them at the center of everything; classes and labs, the library, advising and academic support, and much more.

UToledo’s residence halls are more than buildings; they’re state-of-the-art living and learning centers. The University has nine residence halls on campus with a choice of traditional or suite-style living options. Traditional corridor-style living has rooms that open into an interior hallway with shared bathroom facilities on each floor. Suite-style living includes two or three rooms joined by a common living area with shared bathroom facilities.

'Living learning' and special interest communities are available for those students who are interested or majoring in the business, health professions, wellness, politics or law. Specific housing is also available for students who belong to the Honors College, the Multicultural Emerging Scholars Program, and those looking for gender-neutral or substance-free living.

The Office of Residence Life promotes student growth and opportunities through safe, supportive, inclusive and academically focused environments in premier housing communities led by caring staff.

Title ix Office (https://www.utoledo.edu/title-ix/)
Location: Snyder Memorial, Room 1120
Phone: 419.530.4191
Email: titleix@utoledo.edu
Website: https://www.utoledo.edu/title-ix/

The University of Toledo is committed to educational and working environments that are free from sex discrimination. If you are a student, faculty or staff member who believes you have been subjected to sexual misconduct which includes sex discrimination, sexual harassment, sexual violence, sexual assault, conduct that exploits another person in a sexual and non-consensual way (such as voyeurism and non-consensual recording), stalking, dating violence, domestic violence, and indecent exposure or retaliation, the university encourages the reporting of such prohibited conduct. Reports may be made by completing a complaint form (https://publicdocs.maxient.com/reportingform.php?UnivoToledo&layout_id=7) or by contacting the Title IX Office. Additionally, this office also assists in providing pregnancy and parenting resources and accommodations.

The Title IX Office also provides prevention education and awareness campaigns to the campus community. We provide educational programming addressing the role that everyone can take, using bystander intervention techniques, in creating a sexual misconduct free or sex discrimination-free UToledo. We are dedicated to ensuring that students, faculty, and staff are provided proper resources to engage in services with our collaborative partners including crisis intervention, medical services, mental health counseling, legal services, employee assistance programs, and academic accommodations should they be impacted by sexual violence.

Office of Student Advocacy and Support
Location: Student Union 2521
Phone: 419.530.2471
Email: rocketresponse@utoledo.edu

What is the office about?
The college experience can be stressful and challenging for many students. However, when a difficult situation interferes with a student’s personal wellness, we strive to offer assistance. The Office of Student Advocacy and Support in the Dean of Students Office:

• Helps alleviate unnecessary pressures students face in the attainment of their academic goals
• Investigates complaints confidentially to achieve equitable resolutions
• Develops student-centered action plans for personal and academic achievement
• Addresses questions or concerns about utilizing campus resources
• Clarifies institutional policies and procedures

HOW CAN WE HELP?
• Academic distress
• CliftonStrengths Coaching
• Concerning or unsafe behavior
• Death or illness of a family member
• Financial distress
• Food insecurity
• Homelessness or loss of housing
• Hospitalization
• Identifying campus resources
• Mental health needs
• Personal development
• Relationship distress

MISSION STATEMENT
The Office of Student Advocacy & Support seeks to empower student success through collaborating with the campus and surrounding community with students’ best interest in mind. We are committed to
serving as a visible resource for personal and academic achievement by providing an intentional support structure for students.

**Office of Student Involvement & Leadership**

Location: Student Union Room 1532  
Phone: 419.530.4944  
Email: getinvolved@utoledo.edu  
Website: http://www.utoledo.edu/getinvolved/  
Twitter/Instagram/Facebook: @GetInvolvedUT  
Involvement Network (InvoNet): https://invonet.utoledo.edu/

The Office of Student Involvement & Leadership (OSIL) seeks to build community and is committed to providing students with opportunities for involvement that will enhance and complement their UToledo experience. This is achieved through social, educational, and developmental programs and support to help students get connected to campus, discover involvement and leadership opportunities, and learn more about campus life. To discover ways to get involved, visit the online Involvement Network (InvoNet) https://invonet.utoledo.edu/.

OSIL is responsible for:

- supporting over 300 student organizations,
- distributing and monitoring student organization budgets,
- assisting with the formation of new student organizations,
- promoting student involvement and activities,
- training student leaders, and
- providing event planning assistance.

The office supports a variety of areas, including but not limited to the following:

- student organizations,
- Involvement Network “InvoNet” (online student organization and events management system),
- Student Involvement Fair (first Wednesday of the Fall semester),
- Greek Life (fraternities and sororities),
- Campus Activities & Programming “CAP” (student event planning board),
- Student Allocation Committee “SAC” (student organization funding board),
- leadership programs (monthly leadership programs, retreats, etc.),
- Levis Leadership (a prestigious four-year, leadership program and scholarship for incoming students),
- service programs, and
- Homecoming.

**Office of Auxiliary Services**

Auxiliary Services serves The University of Toledo community by managing many campus-wide enterprises. Its vision is to enhance the mission of The University of Toledo by providing a safe, exemplary customer experience in the delivery of convenient, high quality, value-added goods and services. It includes the following:

- The University of Toledo Bookstore (http://utoledo.bncollege.com/webapp/wcs/stores/servlet/BNCBHomePage/?storeId=22576&catalogId=10001),
- Copy Center (http://www.utoledo.edu/depts/copycenter/) (Departmental Orders),
- Parking Services (http://www.utoledo.edu/parkingservices/),
- Parking Enforcement (http://www.utoledo.edu/parking/parkingenforcement/),
- Rocket Card/Student ID Card (http://www.utoledo.edu/rocketcard/), and
- Rocket Wireless (http://www.utoledo.edu/depts/rocketwireless/).

**University Libraries**

**Main Campus**

William S. Carlson Library  
419.530.2324  
AskIt@utnet.utoledo.edu  
http://www.utoledo.edu/library/carlson (http://www.utoledo.edu/library/ carlson/)

Ward M. Canaday Center for Special Collections and Archives  
Fifth Floor – Carlson Library  
419.530.4480  
CanadayCenter@utoledo.edu  
http://www.utoledo.edu/library/canaday (http://www.utoledo.edu/library/canaday/)

**Health Science Campus**

Mulford Health Science Library  
419.383.4225  
MulfordReference@utoledo.edu  
http://www.utoledo.edu/library/mulford (http://www.utoledo.edu/library/ mulford/)

The University Libraries drive excellence in lifelong learning, discovery and engagement. Within a collaborative and interdisciplinary environment, the Libraries enrich the student learning experience, facilitate research at all levels, and engage the University community through innovative educational services, resources and technologies.

**Resources and Collections**

Consisting of the Carlson Library (http://www.utoledo.edu/library/carlson/), Canaday Center for Special Collections (http://www.utoledo.edu/library/canaday/), and Mulford Health Science Library (http://www.utoledo.edu/library/mulford/), the University Libraries provide a rich array of collections to meet the information needs of students, faculty and staff. From print and electronic books, online journals, rare books and manuscripts, electronic research databases, musical recordings, theater productions, and digitized primary source documents – our resources connect users to ideas and knowledge in the humanities, arts, social sciences, health sciences and STEMM disciplines.

UTMOST (http://search.ebscohost.com/login.aspx?authtype=ip&guest&custid=s8899245&groupid=main&profile=eds) is the University Libraries online discovery search interface and can be used to...
locate and access materials from across the Libraries’ collections which include:

- 496,200 print volumes
- 243,700 electronic books
- 35,000 streaming videos and musical recordings
- 79,700 online journals
- 5,400 print and microfilm/fiche journals
- 350 research databases
- In addition, the University Libraries is a charter member of OhioLINK (http://www.ohiolink.edu/) which provides access to over 46 million library materials from across the state of Ohio.

Current students, faculty and staff can connect to the University Libraries’ electronic resources from off-campus by using the links to those resources from within the Libraries website (http://www.utoledo.edu/library/). After clicking the link to a resource, users will be prompted to login by entering their UTAD information.

**Key Services**

The University Libraries deliver expert-driven services that facilitate the discovery, access and use of scholarly information resources.

- Reference and Consultation (http://libguides.utoledo.edu/askalibrarian/): Librarians are available to help with research in-person and via phone, e-mail or chat/instant messaging. Subject Librarians (http://libguides.utoledo.edu/subjectliaisons/) serve as liaisons to colleges and departments, providing specialized research assistance in specific disciplines.
- Borrowing and Circulation (http://libguides.utoledo.edu/borrowing/): Library materials can be checked out at the circulation/service desk with a valid Rocket ID card.
- Interlibrary Loan (ILLiad) (http://libguides.utoledo.edu/ill/): Articles and materials not available through the Libraries or OhioLINK can be requested via ILLiad.
- Course Reserves (http://libguides.utoledo.edu/reserves/): Textbooks and other materials placed on reserve by course instructors can be checked out from the circulation/service desk.
- Information Literacy Instruction: Classes are taught by librarians on various information and research skills topics. Workshops are offered each semester.
- Library Guides (LibGuides) (http://libguides.utoledo.edu/): LibGuides are online research guides compiled by Subject Librarians to bring together the best available resources for specific topic, courses, and programs.

**Spaces, Facilities and Technology**

The University Libraries are a destination for research, individual and collaborative study, socializing, and quiet reflection. Spaces and facilities combine tradition with forward-thinking design in a student-centered environment.

Explore the detailed floorplans of both the Carlson Library (http://www.utoledo.edu/library/carlson/floorplans/) on Main Campus and the Mulford Library (http://www.utoledo.edu/library/mulford/floorplans/) on the Health Science Campus to learn what is available on each floor. Both libraries feature the following facilities and technology:

- Individual, group and collaborative study spaces
- Computer workstations
- Printers
- Copy machines
- Scanners
- Phone chargers
- Lounge areas
- Detailed information on library hours can be found at http://www.utoledo.edu/library/info/hours (http://www.utoledo.edu/library/info/hours/)

**Pre-Health Advising Center**

2160 University Hall
419.530.2220
prehealthadvising@utoledo.edu

The UToledo’s Pre-Health Advising Center is a resource for pre-med, pre-dental and pre-vet students. We’ll give you the tools you need to successfully apply to the professional programs of your choice.

We support you throughout your undergraduate academic journey as you develop strong metrics, attributes, and experiences to become a competitive applicant for graduate school.

The Pre-Health Advising Center offers guidance on:

- Graduate school admission requirements
- Letters of recommendation
- Mock interviews
- Personal statements and resume’
- Graduate school application
- Standardized testing
- Leadership and volunteer opportunities
- Self-care, mind-set, and stress management

Current students can make appointments with a Pre-Health Advisor Monday – Friday by calling 419.530.2220.
