

B.A. IN FILM/VIDEO

General Guidelines for the Bachelor of Arts

No more than 50 hours in the major courses are allowed for the Bachelor of Arts major. Any hours over 50 will not count toward the degree.

A student majoring in theatre or film may petition to substitute a comparable course or courses for one or more of the required courses in the major. Such requests should be made in writing to the department Chair and are subject to approval by the department faculty.

The requirement of 18 hours in related courses must be met with courses chosen from a list of approved courses in the student's Degree Audit. Choose these courses in consultation with the departmental adviser. Related courses must be chosen from courses acceptable for major credit, not courses that were approved for general or distributive requirements at university or college level.

The P/NC option is available to theatre and film majors in the areas of the major.

When a FILM course is a prerequisite for another FILM course, a grade of C or better must have been earned in the prerequisite course.

A minimum of 48 hours in film/video to include the following:
