[3 credit hours]

Biomedical Research under the guidance of a faculty member.

Term Offered: Spring, Summer, Fall

INDI 4000 Directed Research in Human Health Sciences

[1-12 credit hours]

The Directed Research in Human Health Sciences course is designed to help undergraduate students gain real insight into specific human health science research programs by involving them in Mentor's research program and working on an ongoing project. Students learn and execute the experimental techniques required to examine the question, analyze data and draw conclusions. May be repeated for credit.
