

BACHELOR OF SCIENCE IN NURSING (BSN)

School of Nursing students pursuing a prelicensure baccalaureate degree that leads to nursing licensure complete two years of course work in the prelicensure track. Following completion of prerequisite courses, the student applies for admission to the upper division. Nursing courses are offered on the Health Science Campus. 120 semester credit hours are required for graduation.

Admission to the upper division prelicensure track is competitive. A minimum cumulative GPA of 3.0 is required to be eligible to apply for the upper division. The School of Nursing requires a "C" or better in all coursework. A "C-" or lower is not acceptable. Therefore, all prerequisite, UToledo Core Curriculum, and upper division courses must be taken for a letter grade. Pass/No Credit is only an option for "elective" courses that are not a prerequisite, UToledo Core Curriculum or upper division course. Consult your academic advisor before choosing this option.

Grades from **all** college courses determine GPA (college credit plus, PSO, repeated courses and **all grade deleted courses**). Students may apply for up to 18 hours of grade deletion, per UToledo Policy. If you were granted Direct Guaranteed Admission as a freshman, you must maintain a UToledo GPA of 3.5 to qualify for your seat. Satisfactory completion of all prerequisite courses with a grade of "C" or higher must be achieved prior to beginning the upper division. The requirements apply equally to full-time, part-time, and transfer students.

Academic advisors will assist students to determine the semester for application to the major. Prerequisite courses must be completed prior to beginning the nursing major. Application deadlines are subject to change; please check with the academic advisors.

Pre-licensure BSN students will be dismissed from the nursing program if either of the following conditions are met:

- Two failures of the same required nursing course *OR*
- Three failures of any required nursing courses

Students dismissed from the nursing program will receive a dismissal letter from the Associate Dean for Academic Affairs. Students may petition for readmission based on extenuating circumstances but are not guaranteed readmission.

Code	Title	Hours
CHEM 1120	Chemistry For Health Sciences	4
ENGL 1110	College Composition I	3
BIOL 2010	Major Concepts In Biology	3
NURS 1000	Professional Nursing Orientation	1
PSY 1010	Principles Of Psychology	3
ENGL 2950	Technical Writing	3
HEAL 1800	Medical Terminology ^{Elective}	3
Elective		
EXSC 2560	Anatomy and Physiology I	3
EXSC 2460	Human Anatomy And Physiology I Lab	1

MATH 2600	Introduction To Statistics	3
EXSC 2570	Human Anatomy and Physiol II	3
EXSC 2470	Human Anatomy And Physiology II Lab	1
PSY 2510	Lifespan Developmental Psychology	3
Art/Humanities Core		
Social Sciences Core		
HEAL 2800	Principles Of Nutrition	3
EXSC 2590	Microbiology and Infectious Diseases	3
PHIL 3370	Medical Ethics	3
Diversity of US		
Non-US Diversity		
NURS 3080	Fundamentals of Nursing and Assessment Across the Lifespan	5
NURS 3150	Pathopharmacology 1	3
NURS 3280	Advanced Fundamentals	3
NURS 3540	Pathopharmacology 2	3
NURS 4510	Population Health	4
NURS 3020	Nursing to Promote Wellness	4
NURS 3030	Evidence-Based Practice in Nursing	3
NURS 3220	Medical-Surgical Nursing 1	5
NURS 3320	Medical-Surgical Nursing 2	5
NURS 4070	Family Health Nursing	4
NURS 3310	Mental Health Nursing	4
NURS 3330	Pediatric Nursing	4
NURS 4630	Management of Care	2
NURS 4620	Precepted Clinical Practicum	5
NURS 4700	Nursing Care of Persons and Families with Complex Care Needs	3
NURS 4760	Professional Nursing Competency	3

Below is a sample plan of study. Consult your degree audit for your program requirements including the UToledo Core Curriculum.

Students accepted into the School of Nursing should be academically prepared for placement into MATH 2600 and CHEM 1120, otherwise students will be required to take MATH 1200 or MATH 1180 and/or CHEM 1110. The additional course credit can be used to meet the total credit hours required for graduation. The degree program requires 120 credit hours with a minimum cumulative grade point average of 2.0.

First Term		Hours
CHEM 1120	Chemistry For Health Sciences	4
ENGL 1110	College Composition I	3
BIOL 2010	Major Concepts In Biology	3
NURS 1000	Professional Nursing Orientation	1
PSY 1010	Principles Of Psychology	3
Hours		14
Second Term		
ENGL 2950	Technical Writing	3
HEAL 1800	Medical Terminology	3
EXSC 2560	Anatomy and Physiology I	3
EXSC 2460	Human Anatomy And Physiology I Lab	1

Elective	2
Arts/Humanities Core	3
Hours	15

Third Term

MATH 2600	Introduction To Statistics	3
EXSC 2570	Human Anatomy and Physiol II	3
EXSC 2470	Human Anatomy And Physiology II Lab	1
PSY 2510	Lifespan Developmental Psychology	3
Arts/Humanities Core		3
Social Sciences Core		3
Hours		16

Fourth Term

HEAL 2800	Principles Of Nutrition	3
EXSC 2590	Microbiology and Infectious Diseases	3
PHIL 3370	Medical Ethics	3
Diversity of US		3
Non-US Diversity		3

Students must apply and be accepted into the upper division professional major. Admission is competitive based on academic performance. All major courses must be completed with a grade of "C" or higher. A cumulative GPA of 3.0 is required to apply.

Hours **15**

Fifth Term

NURS 3020	Nursing to Promote Wellness	4
NURS 3080	Fundamentals of Nursing and Assessment Across the Lifespan	5
NURS 3150	Pathopharmacology 1	3
NURS 3030	Evidence-Based Practice in Nursing	3
Hours		15

Sixth Term

NURS 3280	Advanced Fundamentals	3
NURS 3220	Medical-Surgical Nursing 1	5
NURS 4070	Family Health Nursing	4
NURS 3540	Pathopharmacology 2	3
Hours		15

Seventh Term

NURS 3310	Mental Health Nursing	4
NURS 3330	Pediatric Nursing	4
NURS 4630	Management of Care	2
NURS 3320	Medical-Surgical Nursing 2	5
Hours		15

Eighth Term

NURS 4510	Population Health	4
NURS 4620	Precepted Clinical Practicum	5
NURS 4760	Professional Nursing Competency	3

NURS 4700	Nursing Care of Persons and Families with Complex Care Needs	3
Hours		15
Total Hours		120

- PLO 1. Incorporate liberal education as a basis for generalist professional nursing practice.
- PLO 2. Apply leadership principles, skills, and clinical reasoning for the delivery of safe quality care in a variety of settings across the lifespan.
- PLO 3. Integrate evidence-based and patient-centered care into nursing practice across the lifespan.
- PLO 4. Use technology and informatics for delivery of quality patient care and evaluation of outcomes.
- PLO 5. Examine factors that influence health care systems, policy, and finance.
- PLO 6. Apply inter- and intra-communication skills to improve healthcare.
- PLO 7. Promote, maintain, and restore health for individuals, families and populations.
- PLO 8. Demonstrate accountability for personal professionalism and professional values.
- PLO 9. Provide nursing care consistent with nursing theory in various healthcare environments.
