

BSN

Students pursuing a BSN degree that leads to nursing licensure complete two years of course work in the pre-professional division of the College of Nursing. Following completion of prerequisite courses, the student applies for admission to the upper division. Students take nursing courses on the Health Science Campus. 120 semester credit hours are required for graduation.

Admission to the upper division professional nursing program is competitive. A minimum higher education GPA of 3.0 is required to apply. Prerequisite courses must be completed with a grade of "C" or higher. Because the number of seats available for starting upper division study each semester is limited; students are encouraged to maintain a cumulative GPA above 3.0.

Nursing advisors will assist students to determine semester for application to the major. Prerequisite courses must be completed prior to beginning nursing major. *Application deadlines are subject to change: please check with nursing advisors.*

Below is a sample plan of study. Consult your degree audit for your program requirements.

BSN - 4 Year

Students accepted into the College of Nursing should be academically prepared to be placed into MATH 2600 and CHEM 1120, otherwise students will be required to take MATH 1200 or MATH 1180 and/or CHEM 1110. The additional course credit can be used to meet the total credit hours required for graduation.

Students are required to successfully complete **120** credit hours with an overall grade point average of 2.0 or higher.

Students should consult their Degree Audit for coursework that fulfills the University of Toledo Core Curriculum.

First Term		Hours
CHEM 1120	Chemistry For Health Sciences	4
EEES 2150	Biodiversity	4
ENGL 1110	College Composition I	3
NURS 1000	Professional Nursing Orientation	1
PSY 1010	Principles Of Psychology	3
Hours		15
Second Term		
ENGL 2950	Science And Technical Report Writing	3
HEAL 1800	Medical Terminology	3
Elective		4
EXSC 2560	Anatomy and Physiology I	3
EXSC 2460	Human Anatomy And Physiology I Lab	1
Hours		14
Third Term		
MATH 2600	Introduction To Statistics	3
EXSC 2570	Human Anatomy and Physiol II	3
EXSC 2470	Human Anatomy And Physiology II Lab	1

PSY 2510	Lifespan Developmental Psychology	3
Arts/Humanities Core		3
Social Sciences Core		3
Hours		16

Fourth Term		
HEAL 2800	Principles Of Nutrition	3
EXSC 2590	Microbiology and Infectious Diseases	3
PHIL 3370	Medical Ethics	3
Diversity of US		3
Non-US Diversity		3

Students must apply and be accepted into the upper division professional major. Admission is competitive based on academic performance. All major courses must be completed with a grade of "C" or higher. A cumulative GPA of 3.0 is required to apply.

Fifth Term		Hours
NURS 3040	Nursing to Promote Wellness Across the Lifespan	5
NURS 3080	Fundamentals of Nursing and Assessment Across the Lifespan	5
NURS 3150	Pathopharmacology 1	3
NURS 3190	Nursing Research 1	2
Hours		15

Sixth Term		
NURS 3280	Advanced Fundamentals	3
NURS 3290	Nursing Research 2	1
NURS 3300	Nursing Care of Persons with Health Challenges	4
NURS 3400	Family Health	4
NURS 3540	Pathopharmacology 2	3
Hours		15

Seventh Term		
NURS 4130	Nursing Care of Persons in Crisis 1	4
NURS 4240	Nursing Care of Persons in Crisis 2	8
NURS 4260	Professional Development	3
Hours		15

Eighth Term		
NURS 4510	Population Health	4
NURS 4620	Precepted Clinical Practicum	5
NURS 4700	Nursing Care of Persons and Families with Complex Care Needs	3
NURS 4760	Professional Nursing Competency	3
Hours		15

Total Hours 120

1. Incorporate liberal education as a basis for generalist professional nursing practice.
2. Apply leadership principles, skills, and clinical reasoning for the delivery of safe quality care in a variety of settings across the lifespan.
3. Integrate evidence-based and patient-centered care into nursing practice across the lifespan.

4. Use technology and informatics for delivery of quality patient care and evaluation of outcomes.
5. Examine factors that influence health care systems, policy, and finance.
6. Apply inter- and intra-communication skills to improve healthcare.
7. Promote, maintain, and restore health for individuals, families and populations.
8. Demonstrate accountability for personal professionalism and professional values.
9. Provide nursing care consistent with nursing theory in various healthcare environments.
