

COLLEGE CREDIT PLUS

The University of Toledo's College Credit Plus program gives college-bound high school students the opportunity to earn college credit and high school credit simultaneously. This gives students the advantage of starting the transition to college early, while reducing the cost and length of time to receive a degree. High school students can take part in the college experience, interacting with full-time college students and university faculty, while experiencing the rigor of college-level courses.

Benefits of UToledo's College Credit Plus Program

- There is no cost to the student or families for course and instructional materials
- All courses are taken with UToledo undergraduate students
- All College Credit Plus students are considered UToledo students and have access to many benefits and student support services, with the exception of financial aid
- Credits earned can transfer toward a bachelor's degree. UToledo Core/General Education offers courses across six disciplines comprising the Ohio Transfer OT36 (<https://transfercredit.ohio.gov/students/types-of-student/college/ot36/Ohio-Transfer-36-Student/>) and guarantees the transfer of UToledo Core/General Education courses designated as Ohio Transfer 36 (OT36) to Ohio public universities and two-year colleges
- Courses can integrate virtual labs, simulation center visits and other special resources only UToledo can offer
- All students have access to their instructor via email, telephone, and in-person during posted scheduled office hours

Getting Started in College Credit Plus

Students who are interested in participating in the College Credit Plus program should consult with their high school guidance counselor to determine which courses are still needed for graduation; this will help students and their Success Coach when it comes time to create their college schedule. Next, they will complete The University of Toledo College Credit Plus application form (<https://www.utoledo.edu/admission/college-credit-plus/>). The application, transcript, and test score(s) (if applicable) will be reviewed and, if everything is satisfactory, students will be admitted and receive a letter of admission that includes their Rocket number and how to set up their student account and UT Rockets email.
